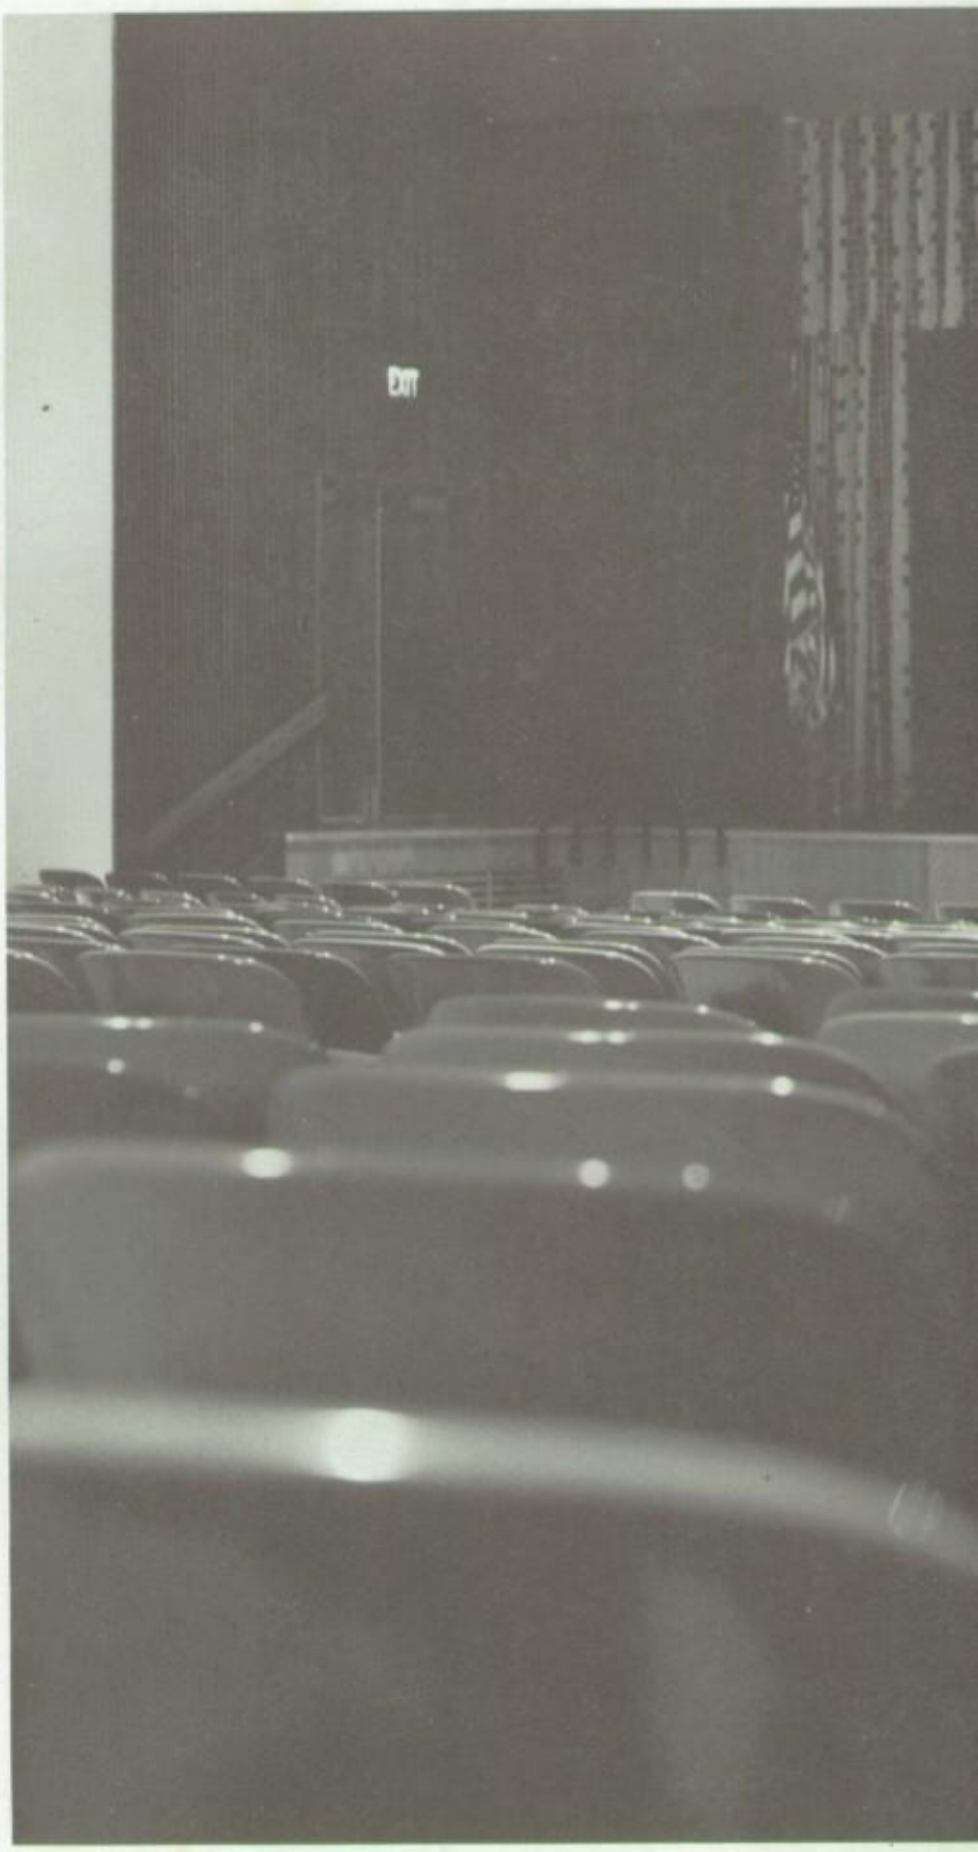
AMARIAH 69

MORRISVILLE-EATON
JUNIOR-SENIOR HIGH SCHOOL
MORRISVILLE, NEW YORK
VOLUME 28



Violently distrusted by some, eagerly awaited by others, change is a vital element in our everyday life. A world without change would be stagnant and unproductive.

The 1968 AMARIAH has chosen changes as our theme, for they are so abundant in our new surroundings, and because they play such an important part in our lives.

He Cares . . .

This is only ONE of many reasons for dedicating this book to him, but even alone, it suffices.

This book is yours for what we mean to you and consequently, what you mean to us–

Mr. Paul L. Shiffer

Hov'ring o'er the vale of Eaton
By Chenango's stream,
Dwells thy spirit, Alma Mater,
Noble, fair, supreme.

Morrisville-Eaton, Hail, all hail,
Glorious is thy fame,
Alma Mater, dear forever
Blessed be thy name.

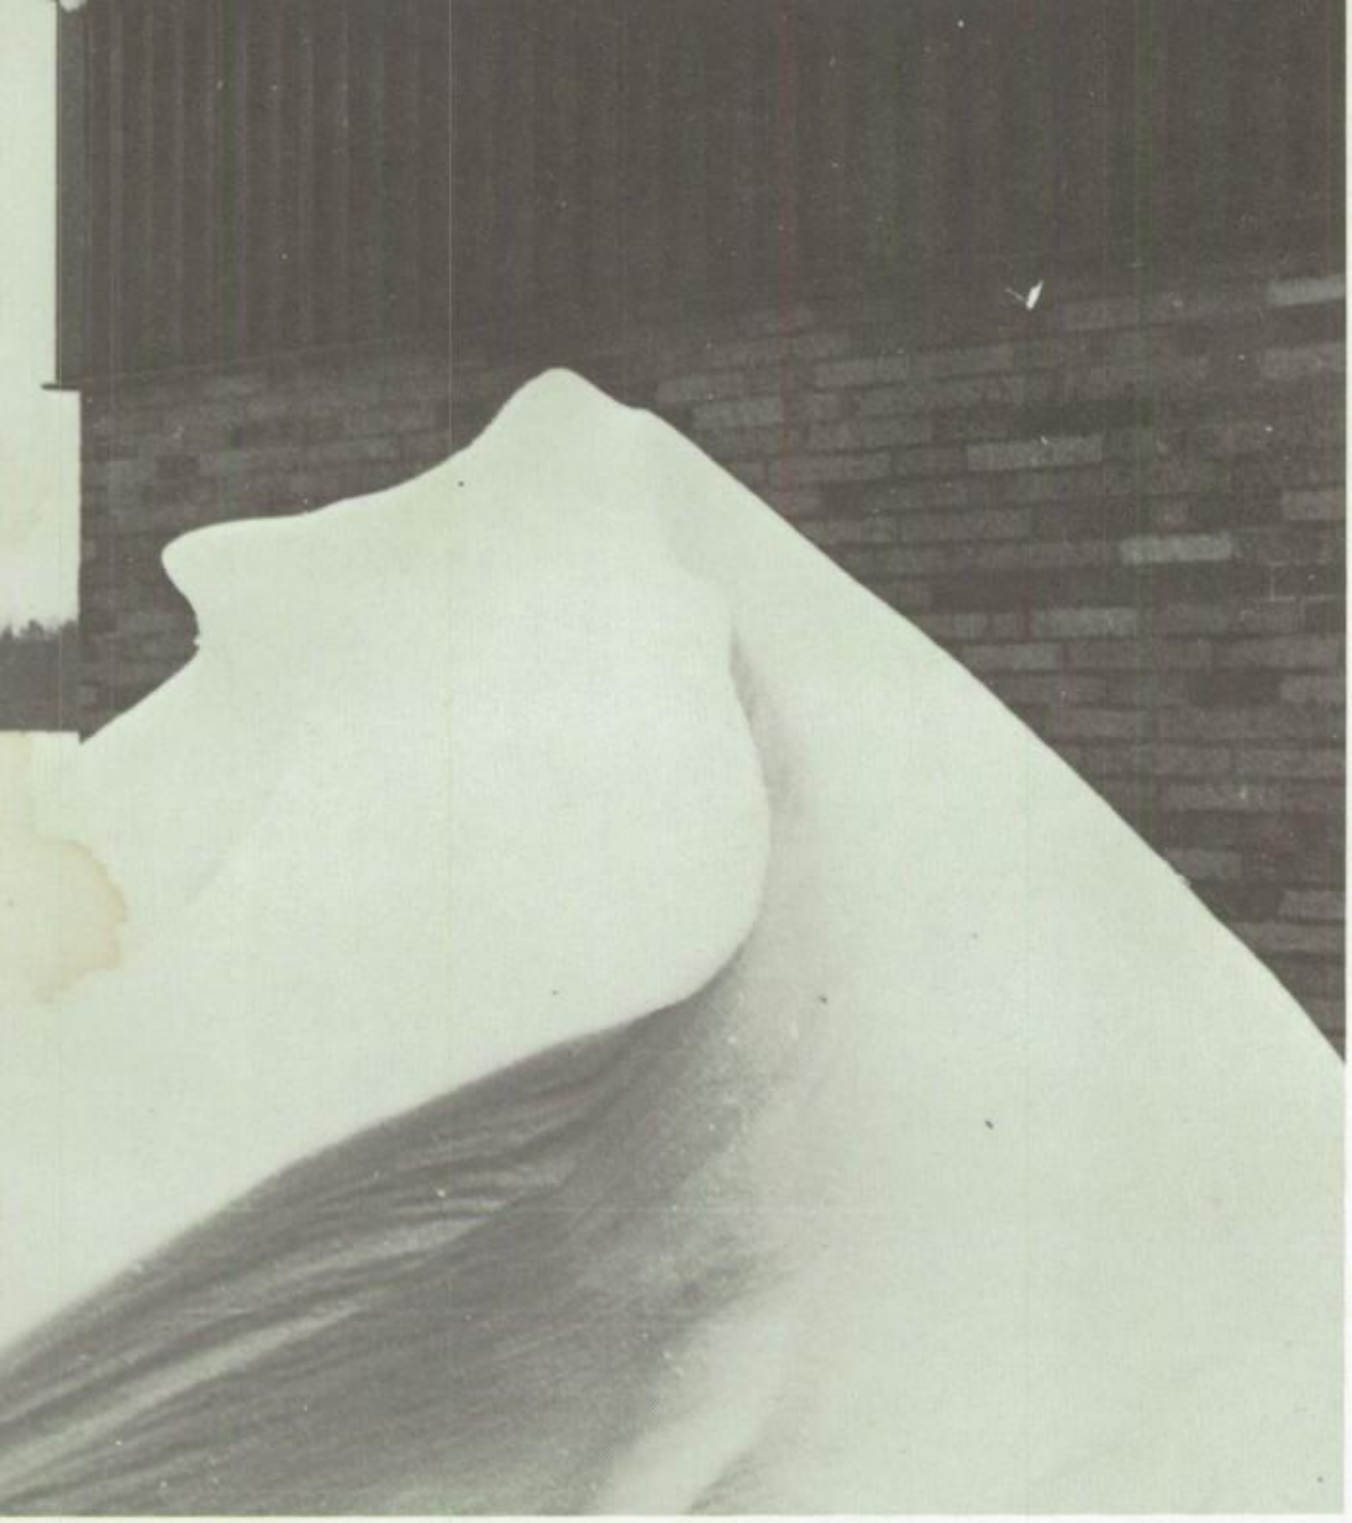
Morrisville Experiences Change in Scene

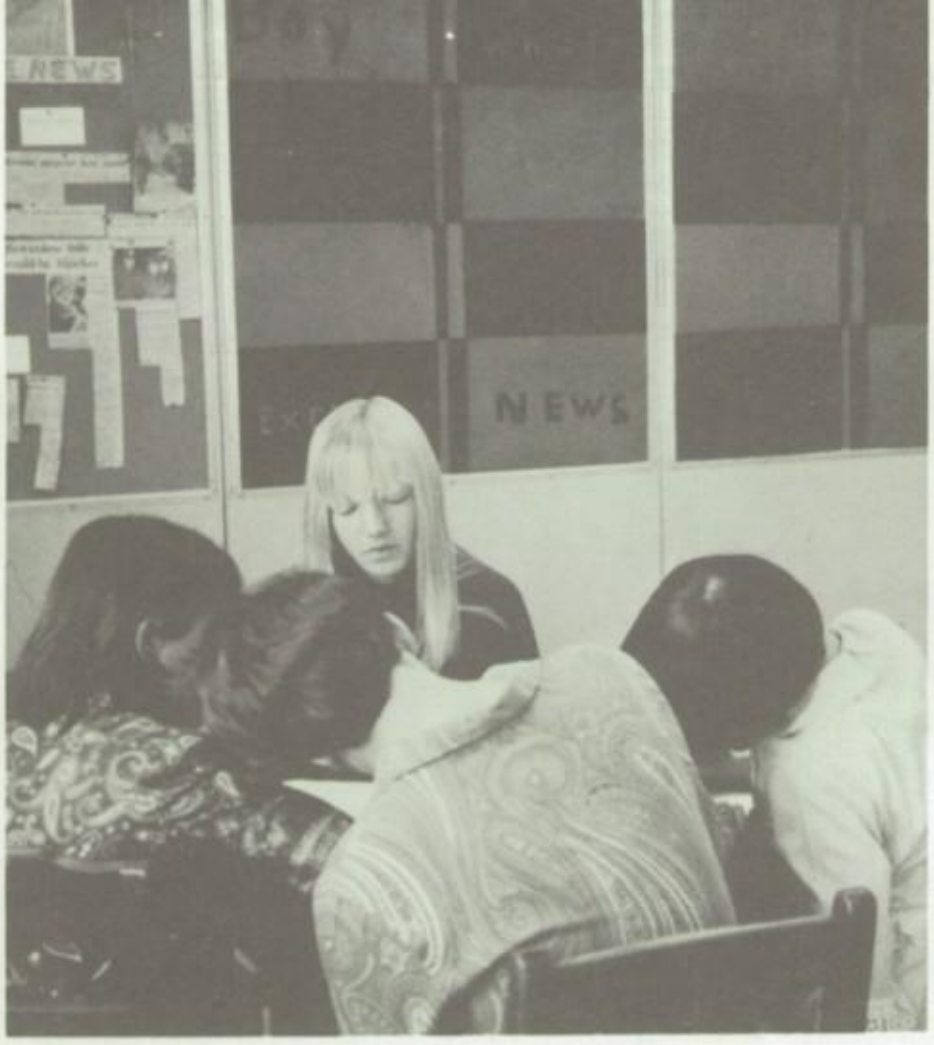
Now that we are situated in the New School, a variety of new everyday experiences has been offered to the average student. When ever before has a student, bored with the everyday routine of a class, been able to gaze out of the window to see a gargantuan snowdrift apparently threatening to bury the school? Never. How about the girls having to wade out to the hockey field during gym class? That's another first.

Never before has there even been the vaguest possibility of the widespread rumors that our school had sunk a yard into the swampy ground. And never before have so many people been really concerned about it really happening!

And now, with second hands on all the clocks, you can more accurately count the time before class lets out. Talking about class letting out—who will ever forget the bells this year, and all the problems we've had with them?

Yes, it has been an unforgettably eventful year, not only in the obvious changes, but in subtle changes of situation.





NEWS

"Autumn to winter, winter into spring,
Spring into summer, summer into fall–

So rolls the changing year, and so we change;
Motion so swift, we know not that we move."

Busily working in offices . . . keeping the school clean . . .
preparing our meals . . . voices ringing in the classrooms . . .
This is our ADMINISTRATION AND STAFF . . .

Administration Molds Future

In this rapidly changing world we inhabit, the hope for the future, we are told, lies in the young. The enormous task of setting the educational standards for today's youth, and consequently setting the limitations of tomorrow is that of the administrations of our public schools.

The administration of MECS is well known for taking the world of today in stride while always keeping the future in mind. It is they who are the molders of our future—not, as we have come to believe, ourselves—just as we will mold the future of the coming generations.

Mr. North: Administrative Assistant.

Mr. Andrews: District Principal.

BOARD OF EDUCATION: Mr. Colucy, Mr. DeGroat, Mrs. Marshall, Mr. Davis, Mr. Worzel.

Mr. Ballard: GUIDANCE COUNSELOR. Mr. Silknetter: DIRECTOR OF PUPIL PERSONNEL SERVICES.

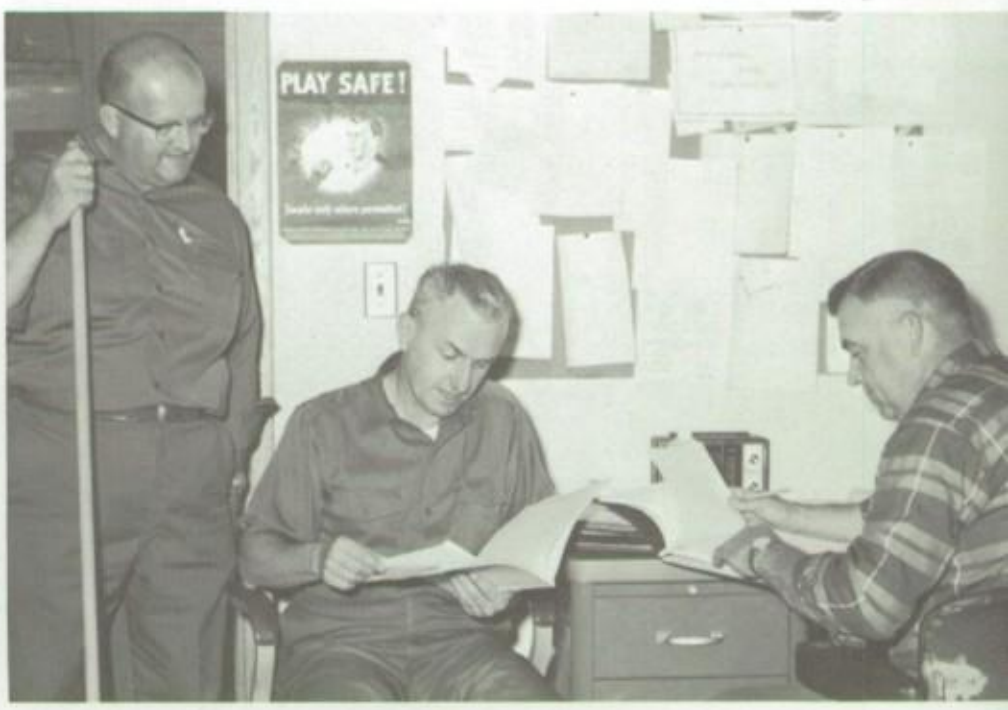
Secretaries Have Busy Year

Always busy, always interested, always eager to help, the administrative secretaries keep MECS operating smoothly and efficiently, yet they always have time to extend a friendly hand to students, faculty, and visitors alike.

SECRETARY: Mrs. Cramer

SECRETARY: Mrs. Sherburne

SECRETARY: Mrs. Pease



CUSTODIANS: Mr. Miller, Mr. Wilcox, Mr. Clark, Mr. Sherburne, Mr. Jones, Mr. Kelly .

SCHOOL NURSE: Mrs. Carter

SCHOOL LIBRARIAN: Mrs. Drake

CAFETERIA STAFF: Mrs. Laraway, Mrs. Hagman, Mrs. Hatch, Miss Frank, Mrs. Dorrance, Mrs. De Groat, Mrs. Bryant.

CLERK: Mr. Lyndon

SECRETARY: Mrs. Kelly

Language Develops Expression

Language is not solely a means of communication, it is also a means of expression. Merely talking is not expressing.

Taking advantage of our excellent language department and facilities is one way a student at MECS can learn to express himself in his native and foreign languages.

Fine Arts Inspire Creativity

Whereas the Fine Arts are ever changing, they manage to do so with a certain amount of dignity, without abandoning the fruits of past labors.

This year our Arts department, newly instated in its own wing, is changing with the times, but Grieg still echoes through the halls with Bernstien, and Rembrandt is hung alongside Picasso.

Students Puzzle Over Equations Proofs and Experiments

Math and Science are two subjects which can never be mentioned without the thought of new methods and change. Morrisville has one of the finest Math and Science departments in the state, with the best of modern facilities and the best instruction. The number of teachers has been increased in each of these fields, thus enabling more individual instruction for the students.

Morrisville Upsets Sherburne

In one of the most successful seasons in the history of Morrisville-Eaton, our football team "swooped" forward to overcome the Sherburne-Earlville, Richfield Springs, and West Winfield teams.

Scoring a total of 164 points, the Morrisville Varsity was the second highest scorer in Center State League competition. High scorer for Morrisville was Junior, Mike Ernst, with a total of 66 points.

The best game of the season was against Sherburne-Earlville, which Morrisville won, 34-7. Highlights of the game were four touchdown passes by John Stewart, four extra points kicked by Phil Ames, and a pass interception by Allen Harvey, which was returned 64 yards for a touchdown. The Morrisville defense held Sherburne scoreless until the last of the second half when the Warriors gave up one touchdown to make the final score 34-7.

Both a cause and a result of the win was the revival of real school spirit in M.E.C.S.

Varsity Improves

Tremendous effort and improvement in both shooting and rebounding in senior Dick Olmstead and junior Carl Key, greatly helped this year's Varsity basketball team. The shooting ability of Chuck Waters, John Stewart, and Mike Ernst and rebounding of Phil Ames were also helpful.

The Warrior's near upset of the undefeated New York Mills team was the best game of the season. The team put forth their entire effort and at one time, they led the awesome Marauders by eight points. At the half time buzzer, the Warriors led by the slight margin of two points. During the third quarter the cheering spectators watched the lead waver back and forth. The Marauders broke away in the last quarter winning the game 64-52, but not until after a struggle.

With most of the team returning next year, Morrisville can look forward to some spirited games.

Good Season for J.V. Team

Providing many exciting moments for their viewers, this year's Junior Varsity team had a successful season.

Two of the best games of the season were Morrisville's victory over Clinton by one point and the Warrior's one point defeat of New York Mills in an overtime game.

The height and ball handling of sophomores Murray Ames, Glen Brown, Dennis DeGroat, John Richmond, Doug Johnston, and John Payne, were a major asset for the team and will be helpful on the Varsity squad next year.

Girls Win Basketball Championship

This year the girl's first basketball team won the Center State League Championship with a 6 win no loss record. The girls placed first in a tournament held at Oneida which made them eligible for competition in a larger tournament in Chittenango. At this tournament they placed second losing to Beaver River by two points in an overtime game.

Leading scores for the team was senior, Linda Kucharski. Following close behind were juniors, Patti Vaughan and Shelly Williams and senior, Deb Crandall.

Averaging 43 points a league game the girls enjoyed a very successful season.

Earning a record of four wins and one loss the girl's second team had a good season. Their only loss was to Saquoit.

Leading scores were freshmen Robin Deaner, Susan Vaughan, and Debby DeGroat.

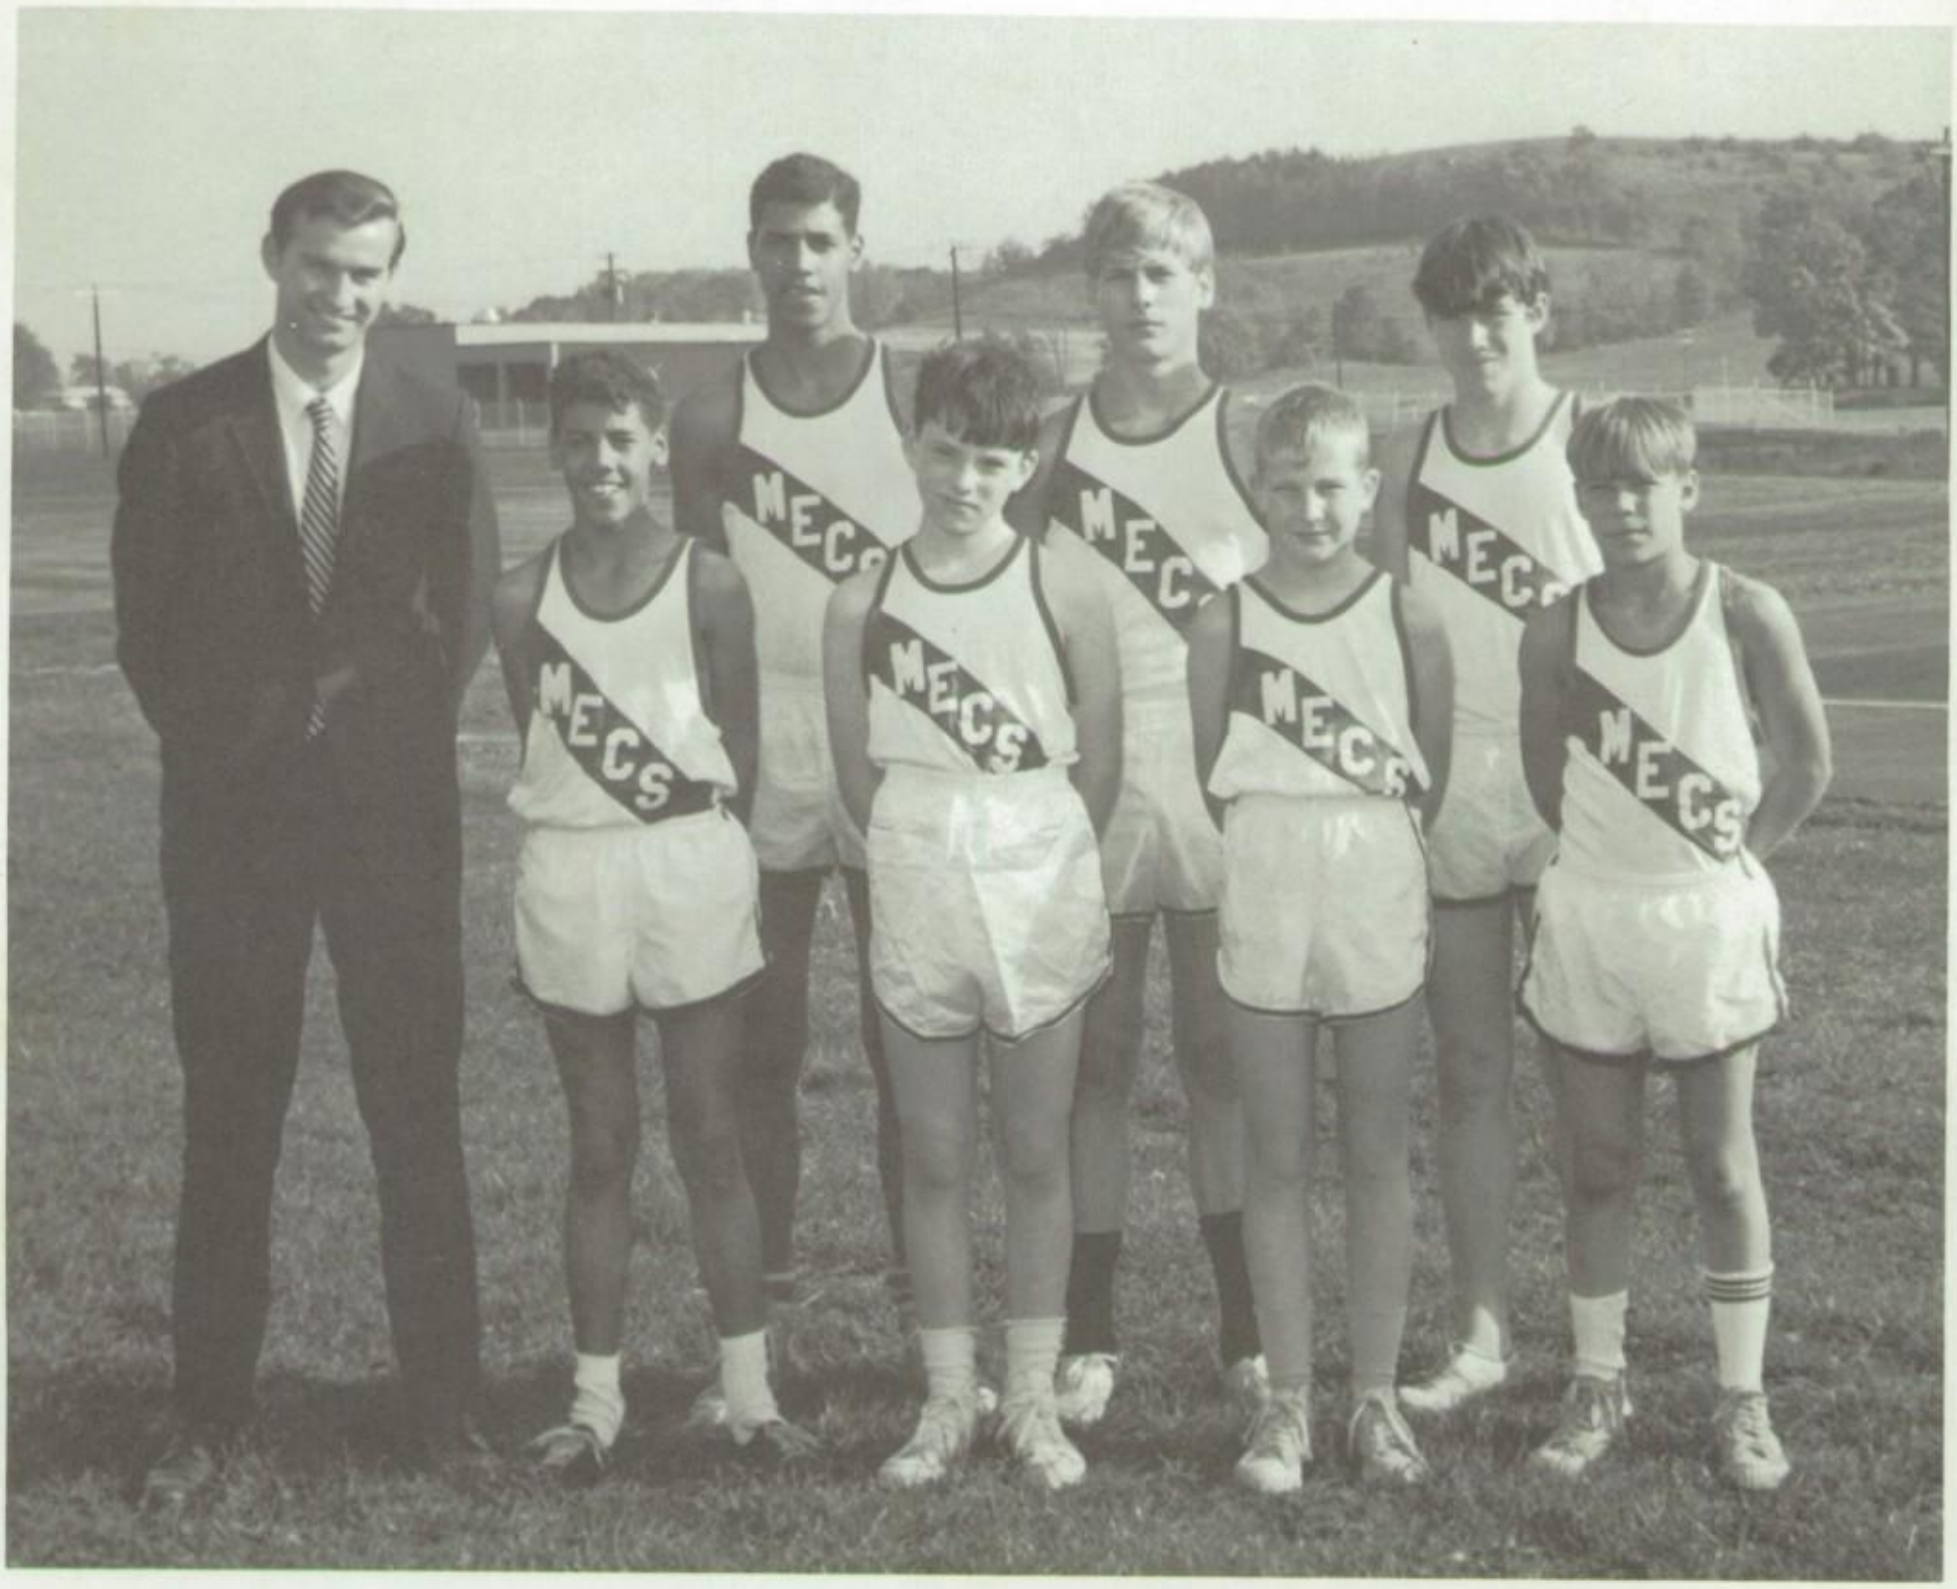
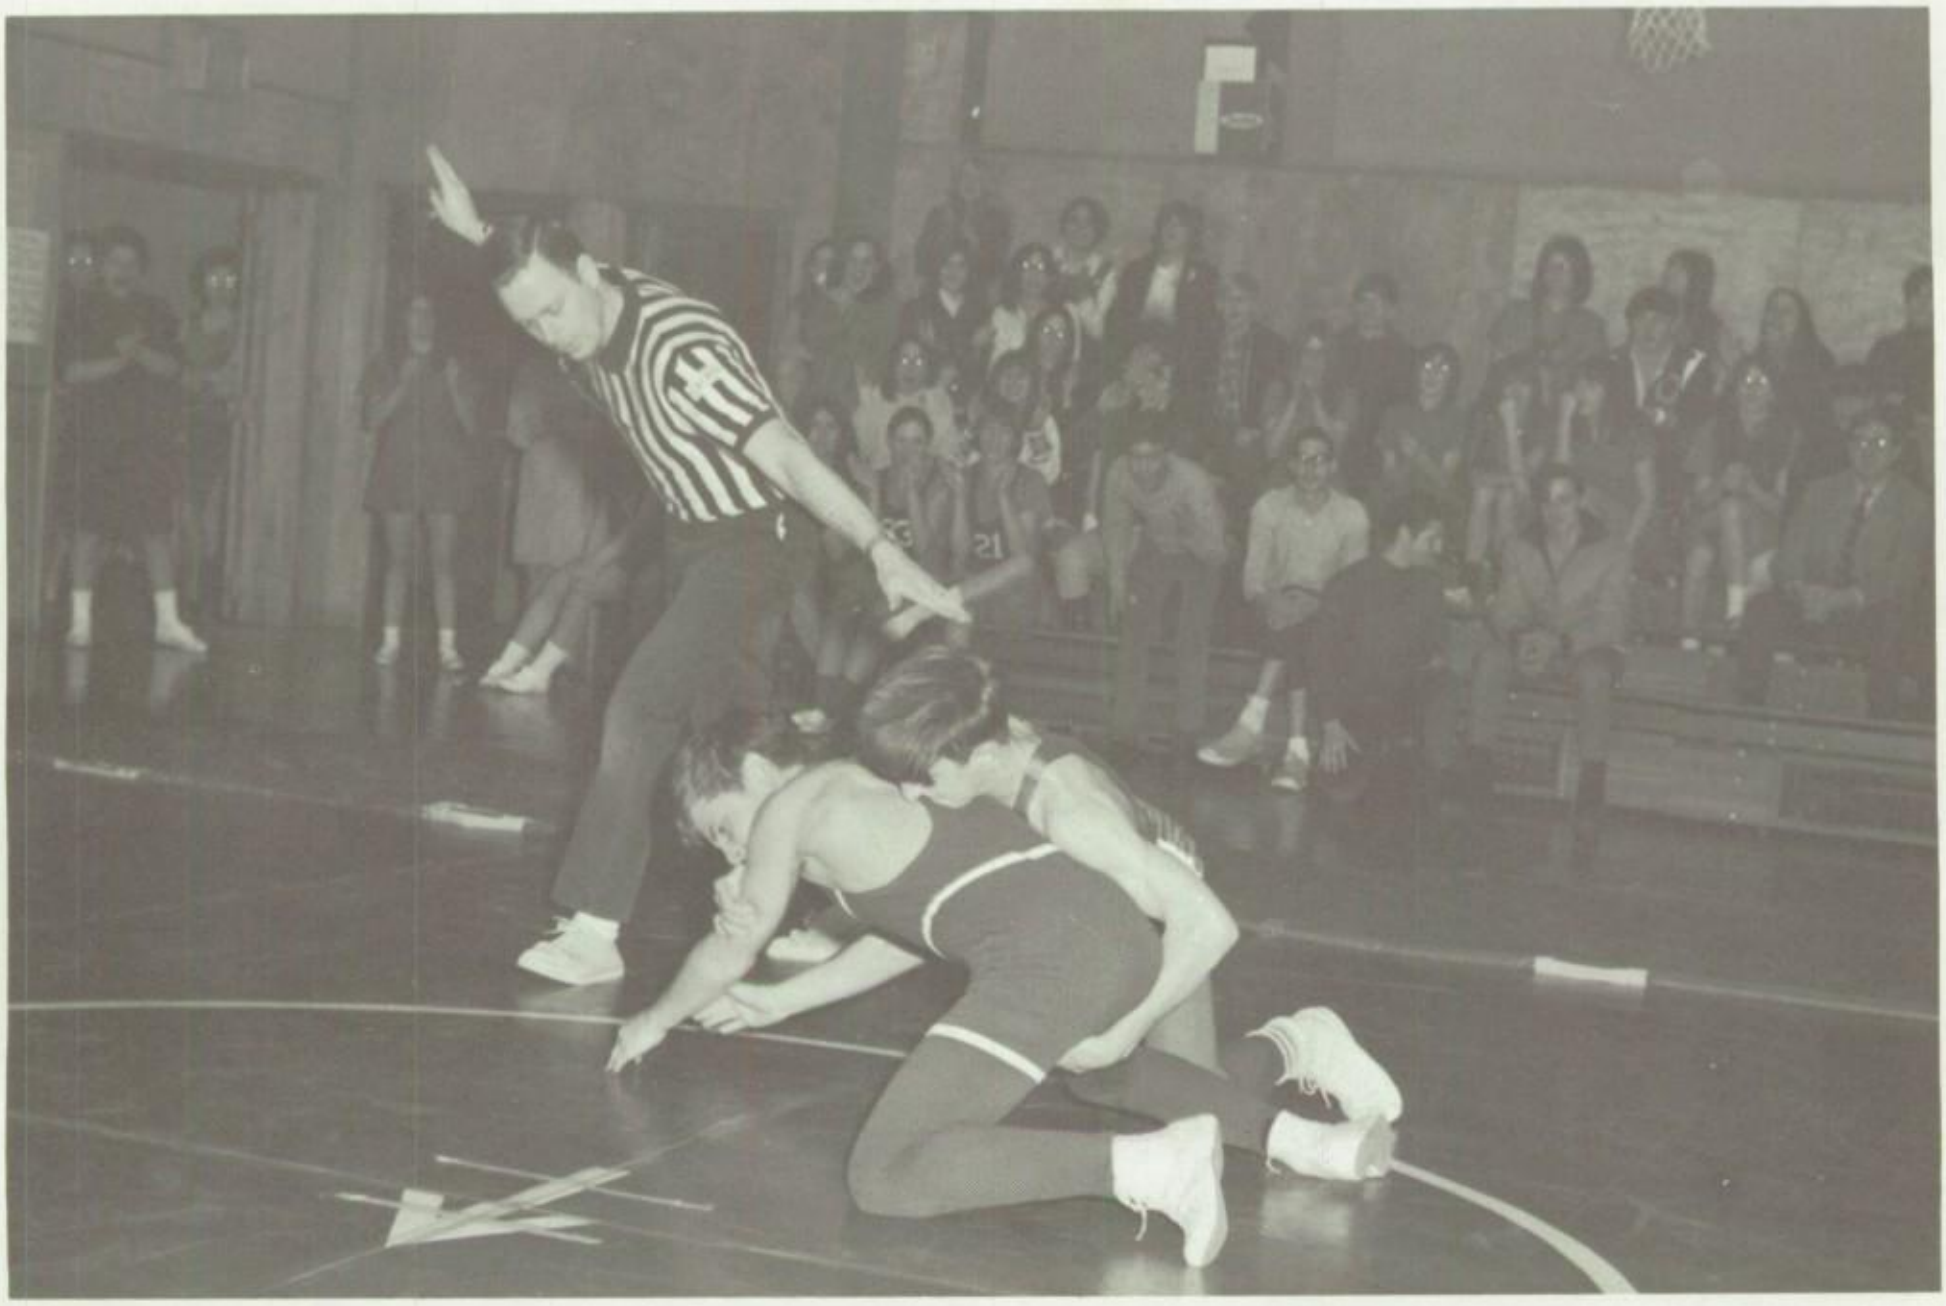
Cross Country Introduced at M.E.C.S.

New this year to M.E.C.S., the Cross-Country team has had a successful 68-69 season. The Junior High, led by Jim Corpin and Billy Rodda, placed very high in all invitationals, with Billy Rodda coming in first and Jim Corpin coming in second at the league meet. The Senior High, with Owen Corpin and Randy Marshall, also placed high.

Cross-Country is a sport in which the individual must rely upon himself. There are no teammates to compensate for a weak player. In Cross-Country, it's every man for himself!



FIRST ROW: J. Corpin, B. Helmer, R. Roberts, M. Morris. SECOND ROW: Mr. Hunt, O. Corpin, R. Marshall, W. Rodda.



Wrestling Involves Individual Competition

It's new! It's different! It's exciting! It's tough! These are just a few of the statements that describe the newest sport at M.E.C.S.

Although wrestling is a "new experience" to the student body, it is one of the oldest and, recently, fastest growing sports in America.

Wrestling is a unique winter sport in that it involves the competition of individuals instead of teams. The final wrestling team will consist of twelve members, each at varying weights starting at the 95 pound class, advancing to the heavy weight class.

Mr. Webster describes those who are out for wrestling as "extremely interested and excited about wrestling, hard workers, and possible winners." Wrestling is an intensely competitive athletic sport and demands of those who wrestle the best of conditioning and pride. An individual sport, wrestling requires a unique and strong desire on the part of each wrestler. The team has striven to produce a winning record for the student body of M.E.C.S.

TEAM–FIRST ROW: Mr. Webster, T. Orth, K. Marshall, C. Harter, R. Golley, J. Winkler, E. Brown, G. Dike, D. Doxtater, B. Marshall, B. Mosher, M. Cramer, S. Householder. SECOND ROW: T. Dommett, F. Scharman, V. Forsland, D. Crane, J. Jenning, S. Shepard, S. DeGroat, B. Dodge.

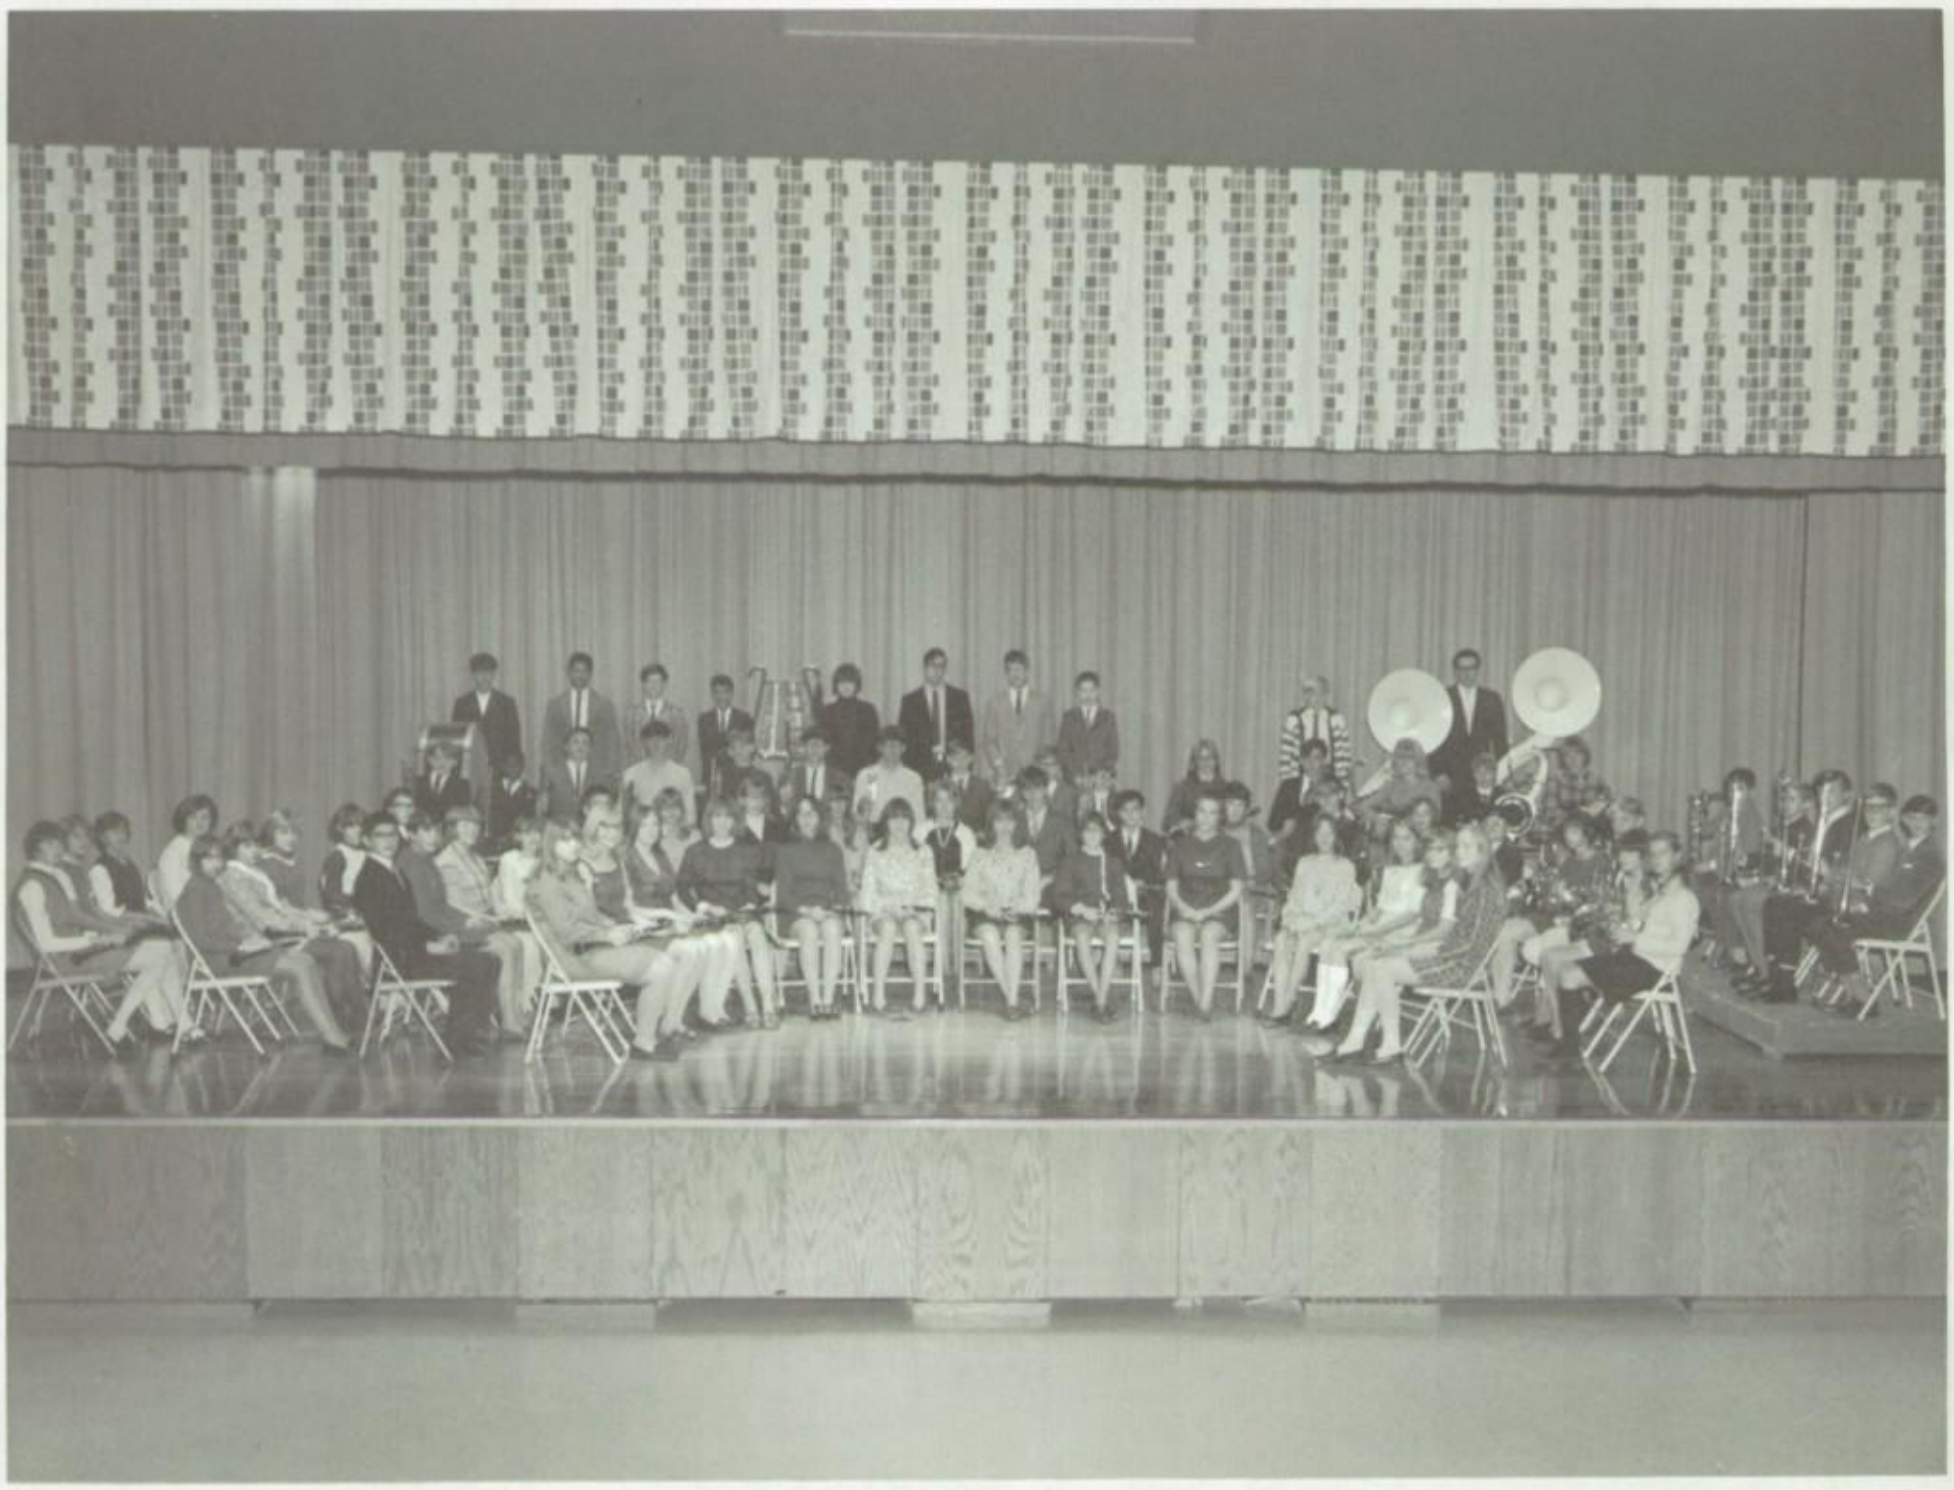
Band Completes Successful Summer

Under the direction of Mr. Paul L. Shiffer, the M.E.C.S. band completed another successful year. During the summer the band gave three concerts and marched at several area parades, As a result of their effort, the band earned many trophies and cash awards.

A new innovation during the football season was the support of the team by the band at both home and away games.

The band also performed in the annual Christmas Concert given at the high school.



FIRST ROW: M. Kelly, M. Schuster, L. Morris, H. Mockovack, K. Flanders, R. Deaner, B. Bingham, C. Clark, S. Herring, R. Sutton, D. Shepard, V. Stoker, B. Howells. SECOND ROW: J. Winkler, D. Lamb, L. Chorus Practices to Make Perfect

In the past several years, the MECS chorus has been on a rapid decline, but this year, under the direction of Mrs. Rouse, it is on the rise. One aid to this improvement was the switch from noon-hour rehearsals to twice-a-week rehearsals during the activity period. A lot of hard work has gone into this year's chorus, and everyone is proud of the results, and hopes that they will continue the good work next year.

Orchestra Members Attend Festival

Four girls represented Morrisville-Eaton in the All-State Music Festival at Oxford this year. Those girls taking part were: Debbie Hildreth, Pat Kistler, and Barbara Bingham on cello, and Betsy Lingo on French horn. Their guest conductor, Mr. Anthony J. Messina was from Bethpage, Long Island.

Each of those girls have received high ratings in solo competition which qualified them to attend. Auditions for seats were held before the concert. Debbie Hildreth led the cello section and Pat Kistler was assistant.

ORCHESTRA–FIRST ROW: D. Johnston, H. Mockovack, T. Dommett, S. Patterson, E. Grabow, P. Kistler, D. Hildreth. SECOND ROW: S. Seeley, B. Howells, M. Kelly, J. Johnson, D. Lamb, L. Stanton, K. Will this meeting now come to order? . . . Buy a paper for only 5¢ . . . working at games . . . selling food and taking tickets . . . guide service . . . shelving books . . . making favors . . . meeting adjourned.

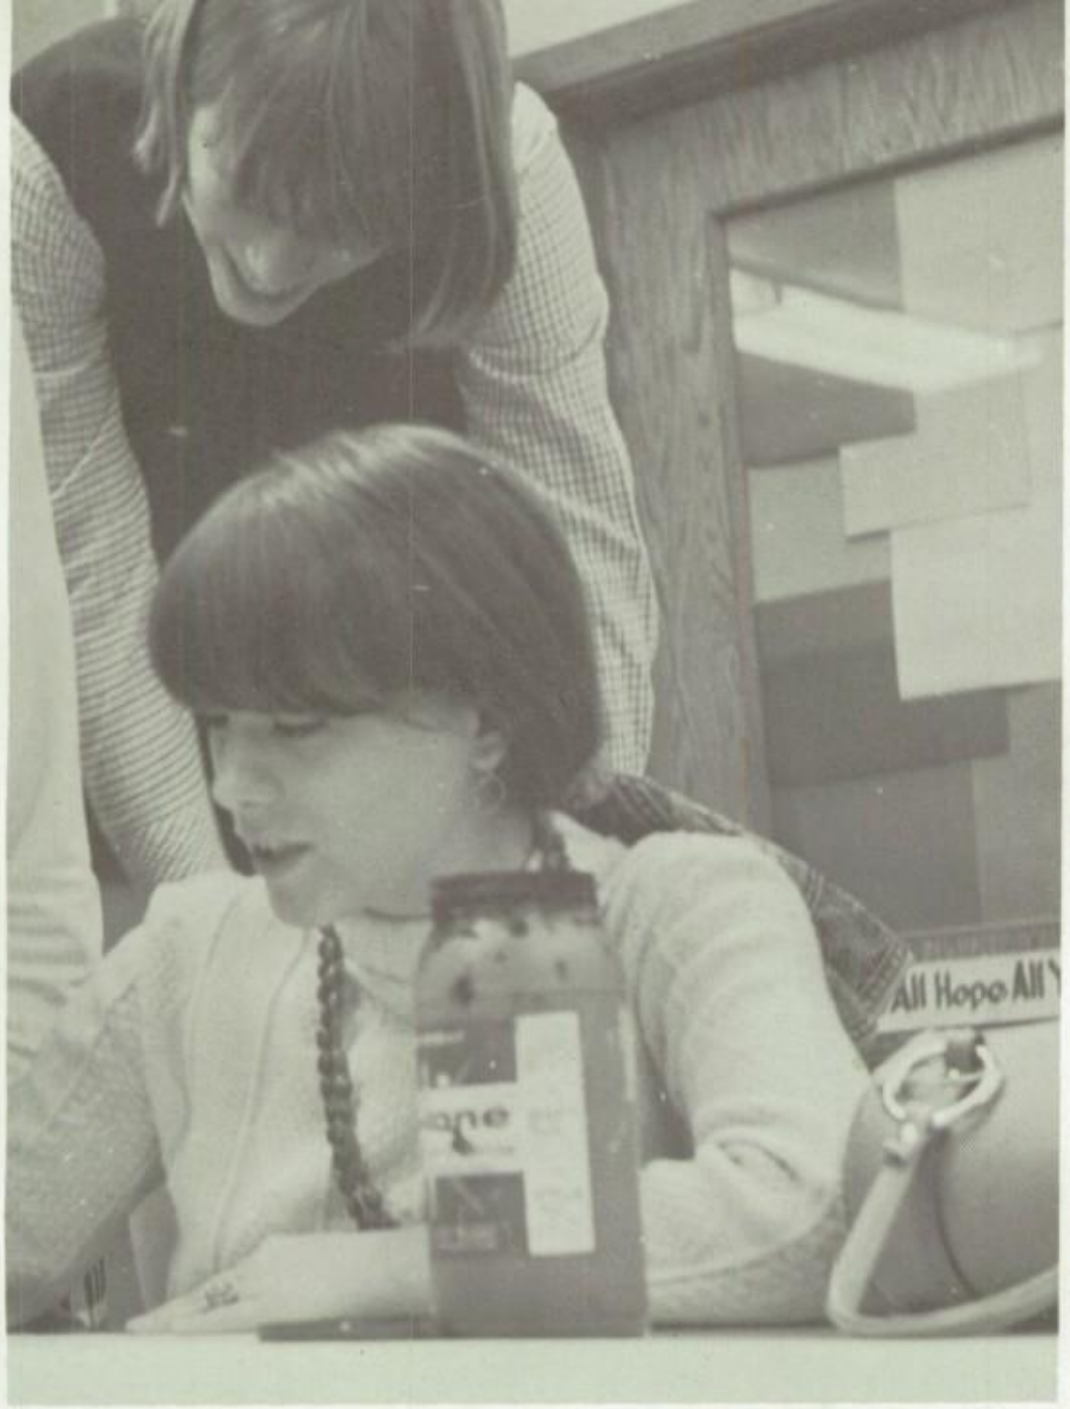
Council Gains Better Representation

In order to accomplish more, the Student Council met every two weeks instead of once a month. There was also a change in the student representation of the council. Along with the officers and the members at large, one student from each homeroom was elected to serve on the council.

One of the greatest achievements of the Student Council was the sponsoring of "open" dances.



Pep Club Is Newly Instated

Under the direction of Mr. Muhs, the Pep Club, new this year to M.E.C.S., was instated. Its general purpose was to augment school spirit.

Despite its limited membership, the Pep Club did much better than had been expected, attending and making posters for the various school sports. It is hoped that next year more senior high students will join the Pep Club, and thus strengthen its effectiveness and its role in school life.

MATHLETICS: R. Olmstead, J. Jenks, V. Evans, P. Matthais, B. VanSlyke, L. Morris, R. Crane, G. Banks, D. Johnston.

Morrisville Competes for Honors

Mathletics is an organization of Madison County schools. The schools meet to compete in mathematic skills. The first four competitions were held in Madison County.

Students representing Morrisville were chosen from each class. Choice of these students was based upon their averages in mathematics.

COLGATE SEMINAR: R. Olmstead, B. VanSlyke, C. Butler, G. Dike, D. Hildreth, E. Grabow, J. Stewart, G. Banks.

This year eight students represented Morrisville in the Colgate Seminar Program. It is an opportunity program sponsored for the benefit of area high school students.

Courses are offered in psychology, sciences, fine arts, and languages. There are also classes in modern history, dealing with such things as Russian American Relations.

In October a team from Morrisville represented the school on IT'S ACADEMIC. Competing against Lansing and Auburn East, they placed second.

Scholars Support Fund

To a member of the National Honor Society the work "spaghetti" has rather traumatic associations.

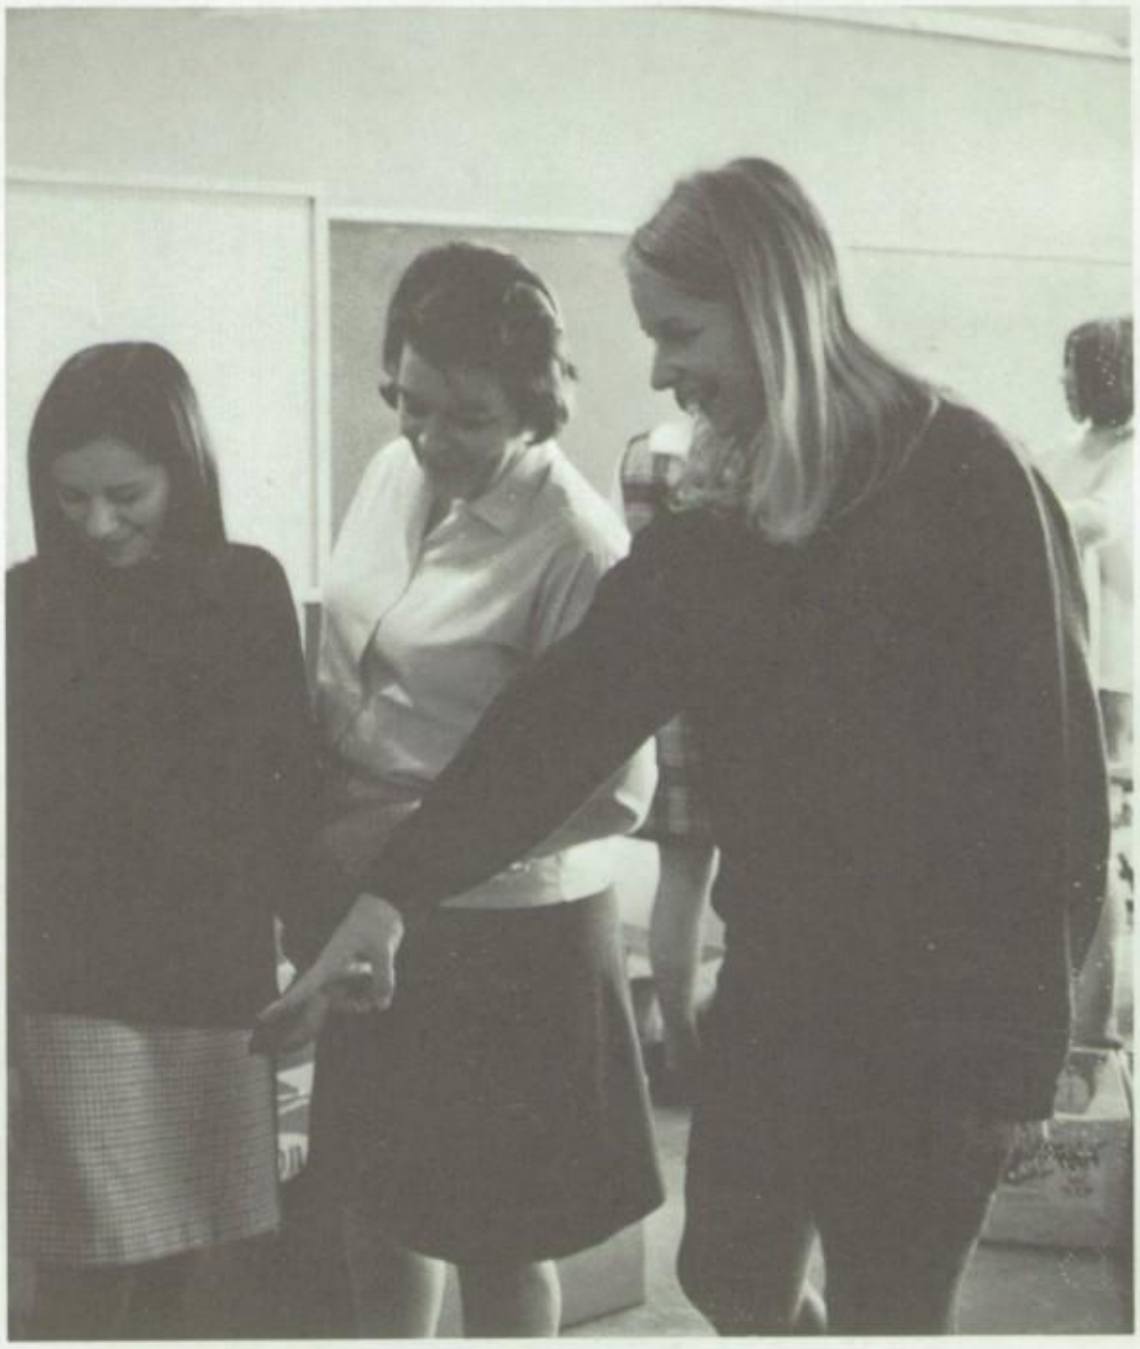
With only thirteen members this year, the NHS sponsored a Spaghetti Supper to bolster the foreign exchange fund. Luckily several people showed up unexpectedly, and were willing to throw in a helpful hand. Everyone, from the lowliest of table-cleaners, to the elite of the spaghetti-servers, was exhausted two hours, one hundred and sixty dollars, and at least ten thousand satisfied people later.

One basic goal of the NHS this year was to raise enough money to send two M.E.C.S. students to foreign countries. Another goal was to devise new and different ways to serve the school and the community.

G. A. A. Works Toward Worthy Cause

The Girls Athletic Association, which has come to be a lifesaver for many families in our community, is dedicated to service—service to the needy, service to the school, and service to the general public.

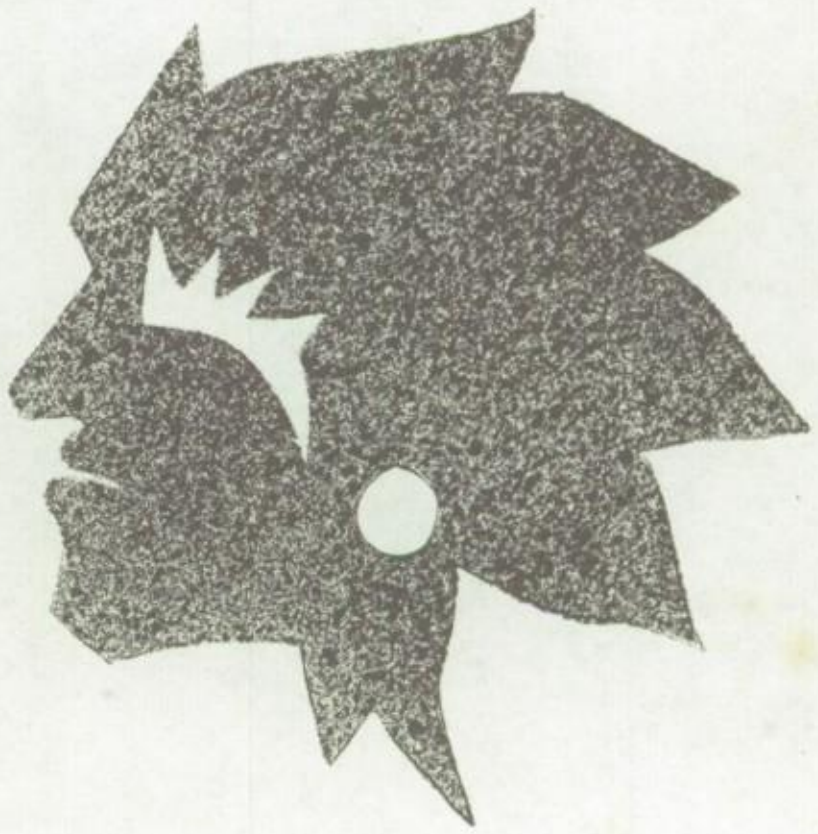
Christmas assumes a special meaning for the members of the GAA, for, to them, Christmas is a time of real giving. Every Christmas time, these girls gather the money they have earned selling food and tickets at basketball and football games, and buy clothing and toys for the needy families of our area. With the remaining money, they throw a big Christmas party, complete with "Santa Claus" for the smaller children. It is this that brings the true meaning of Christmas to GAA members and the true meaning of brotherhood to our community.

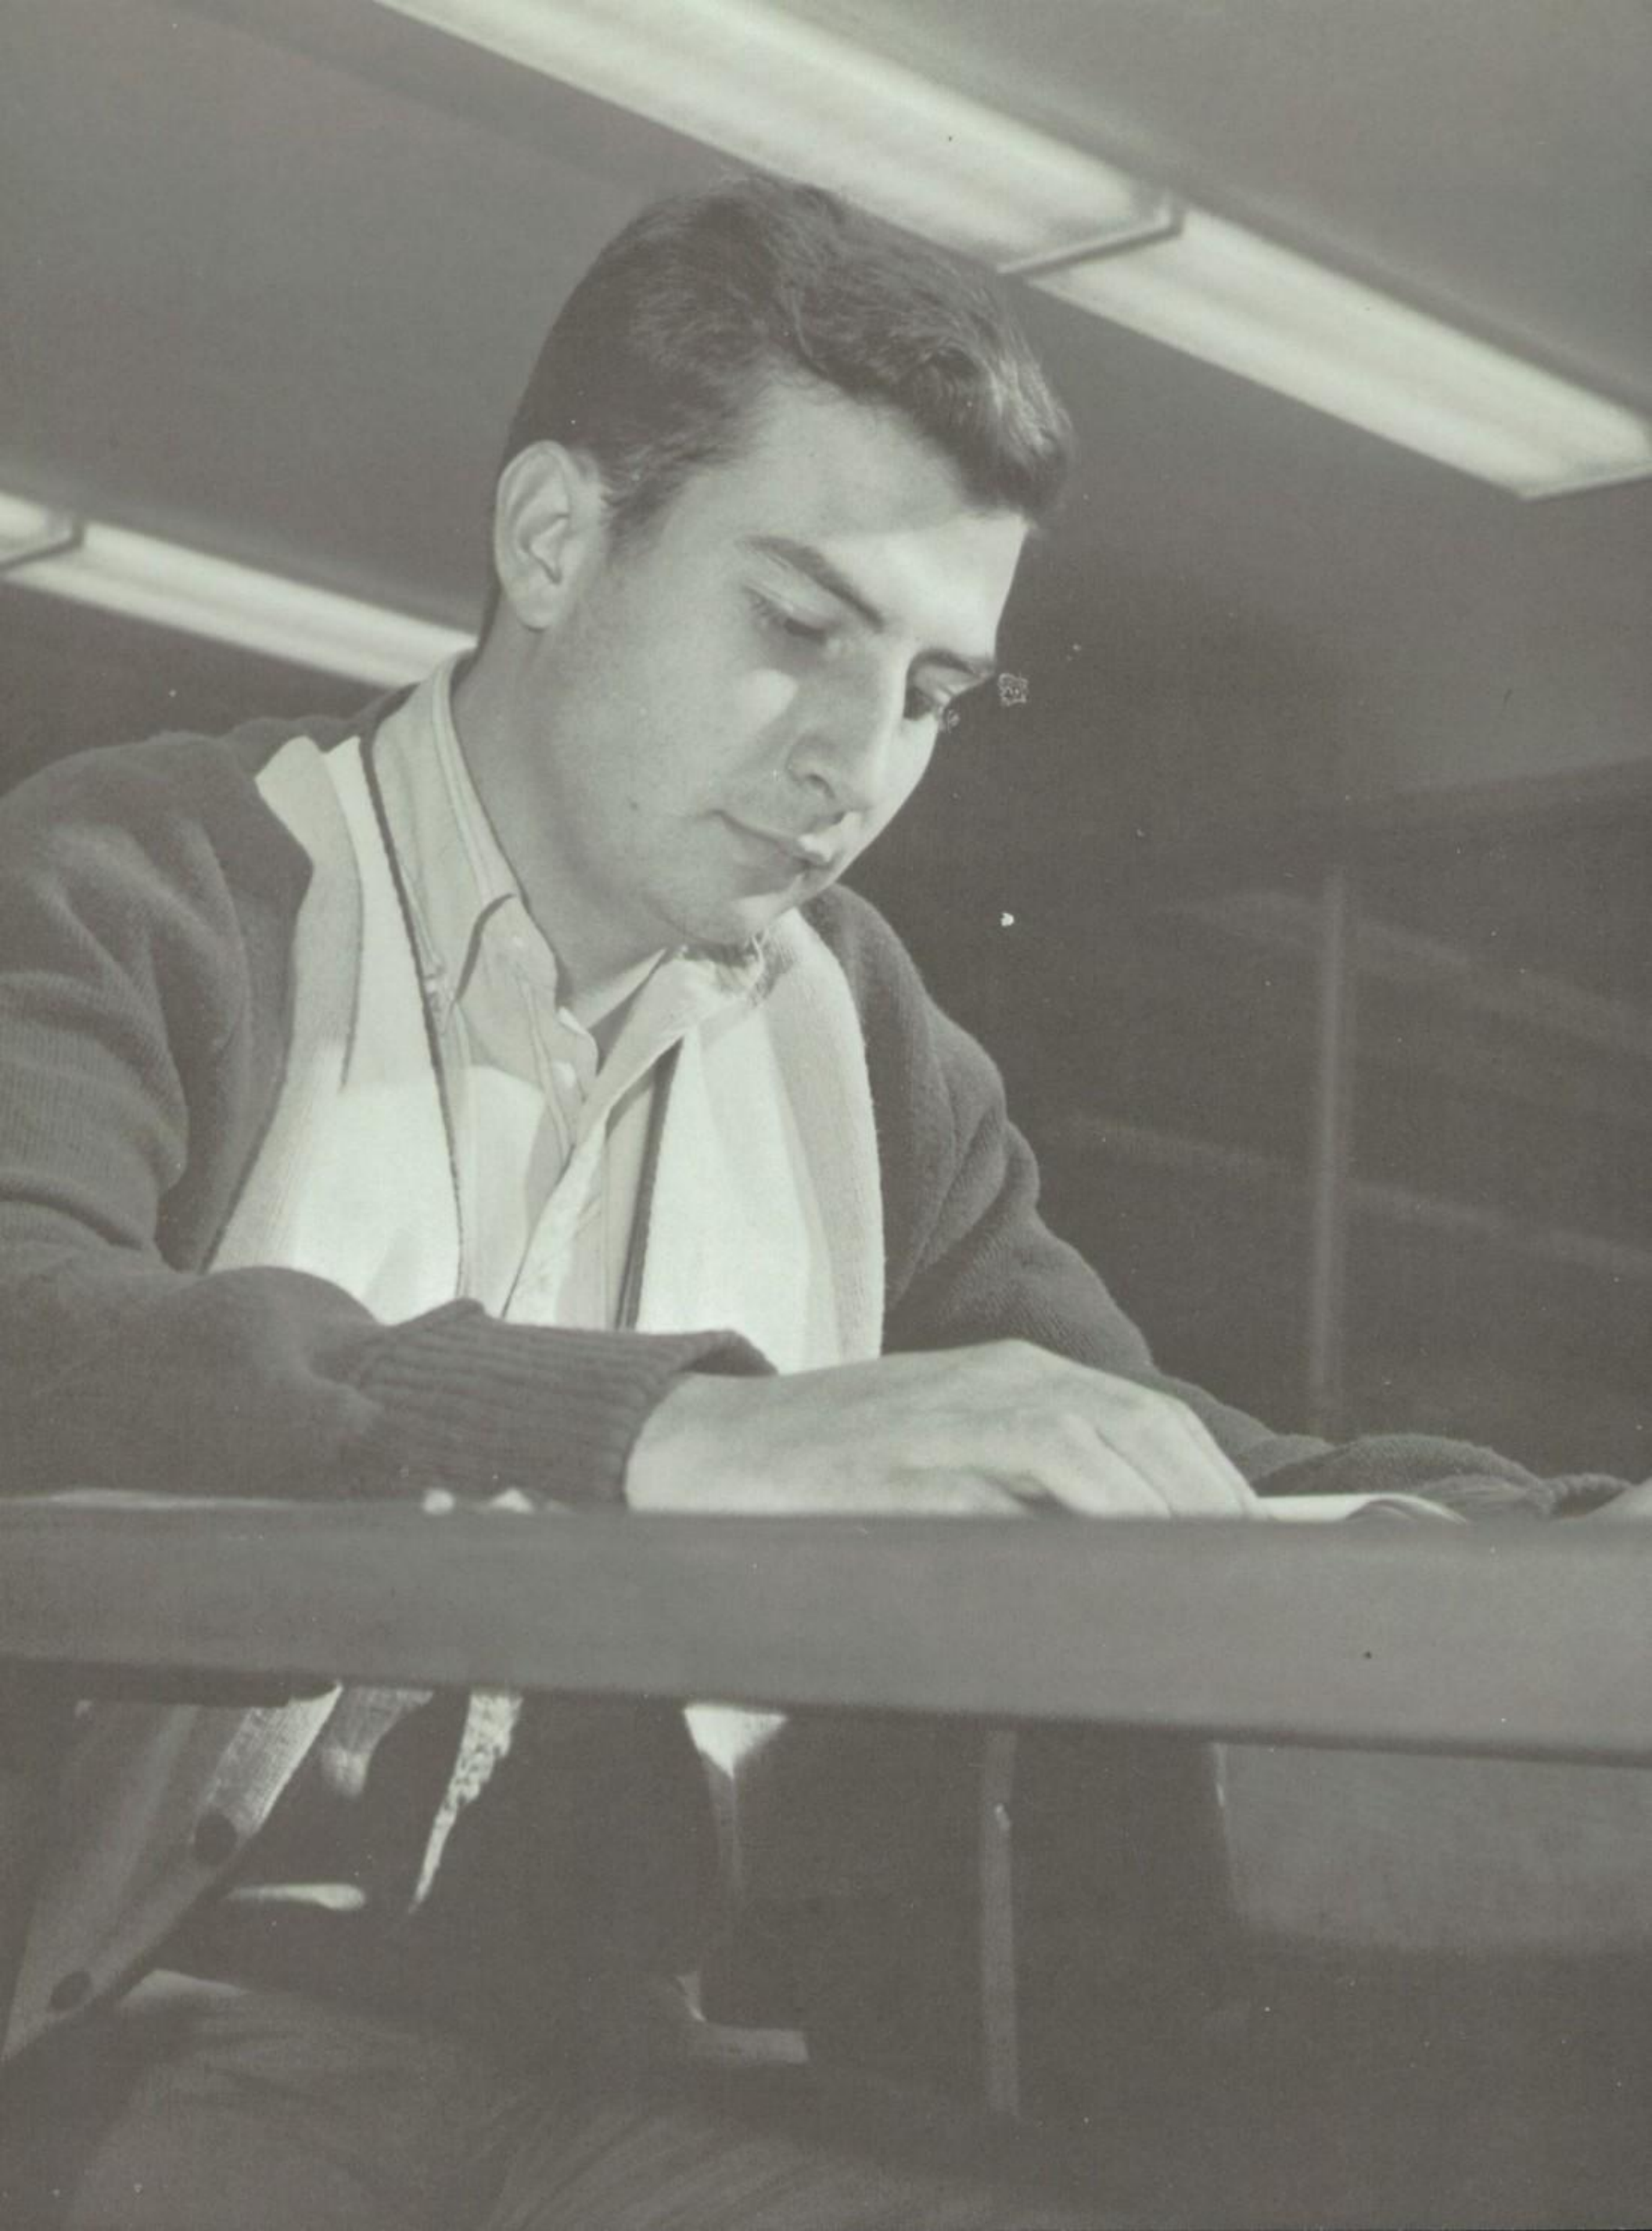


Varsity Club Sponsors Tournament

This year, for the first time, the Varsity Club sponsored a Christmas Basketball Tournament. Schools that participated were Onondoga Central, who placed first, Morrisville-Eaton, who placed second, Saint Mary's at Cortland, who placed third, and Cazenovia, who placed fourth.

Raising money for the new scoreboards and for athletics trophies were their main projects this year.





Yo llevo una vida muy diferente por lo que he podido apreciar de la vida Norte Americana. He tenido la oportunidad de viajar y conocer las principales ciudades y sus costumbres y me han gustado en cierta forma.

Provablemente retorne a este pais para cursar mis estudias universitarios pero no estoy seguro.

Me llevo un recuerdo grato de este pais y puede que ojala regrese. Aunque que creia que mis companeros estudian les me brindarian una mejor amistad pare estrechar un lazo de union entre los dos paises.

Quiero agradecer la oportunidad que me han facilitado y espero que tengan un buen concepto de nosotros los Colombianos.

Gracias,
Alvaro Torres B.

From what I have been able to see, I lead a very different life than the life in North America. I have had the opportunity to visit and know the principal cities and your customs and I like them in a certain way. Probably I will return to this country to continue my studies in a university, but I am not sure.

I take away a pleasing memory of this country and it could be that I will return. Although I thought that my student companions would offer me a closer friendship to tighten the bond of union between our countries. I want to be thankful for the opportunity that they have offered me, and I hope that they will have a good opinion of us, the Colombians.

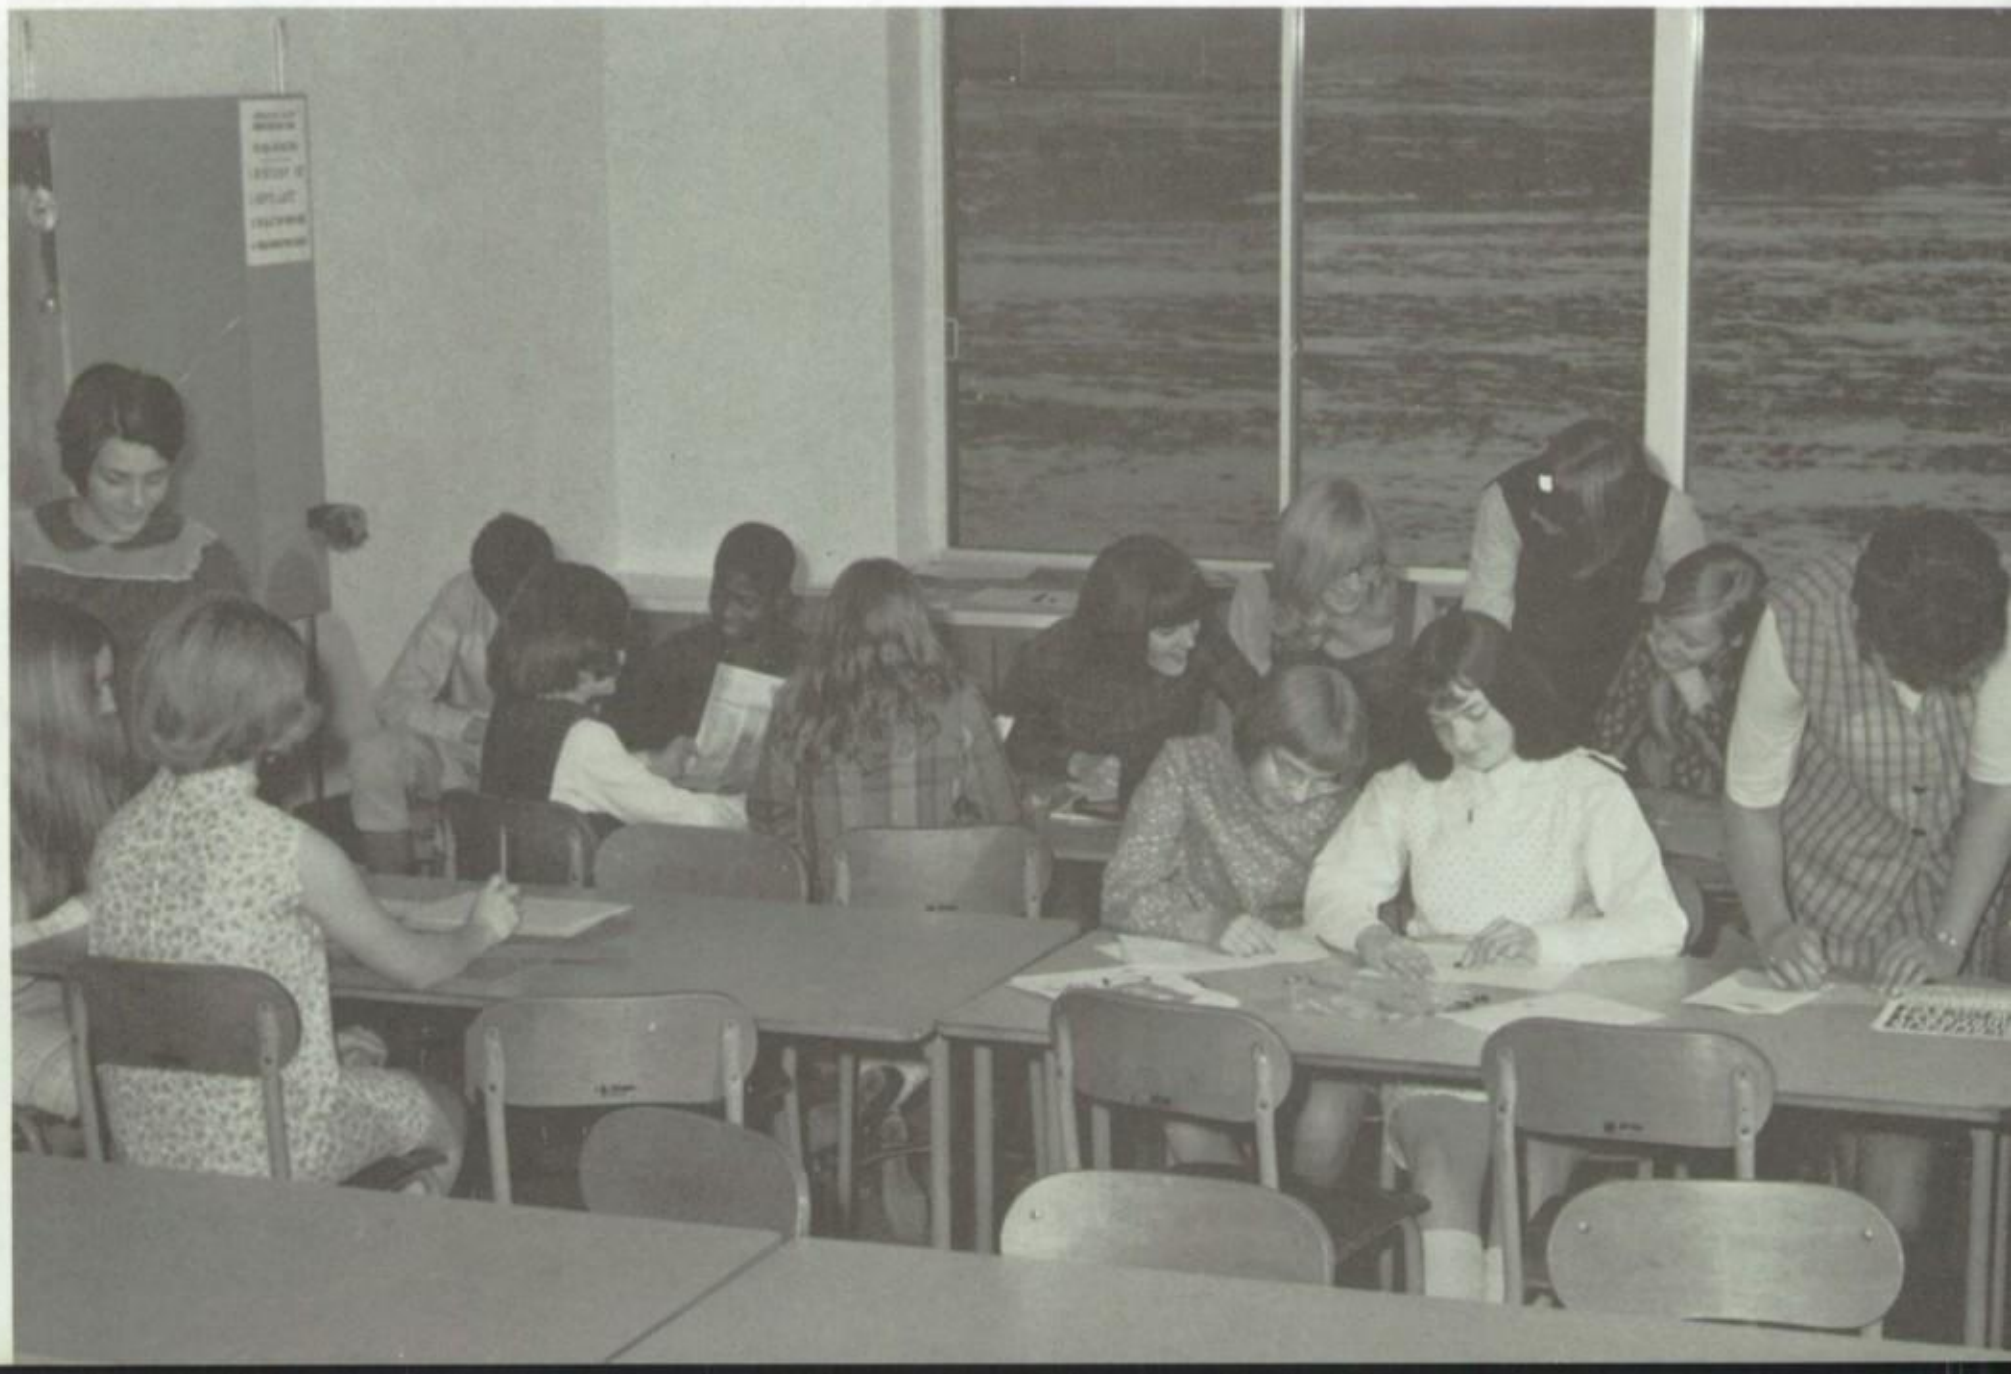
Thank-you
Alvaro Torres B.

Paper Is Profitable Enterprize

Under their new advisor, Mr. Quinney, the Smoke Signals Staff provided a school newspaper for the students.

The staff was composed of many junior high students and a few senior high students. Two editors were chosen, Marlys Schuster from the senior high and Sandy Herring from the junior high. Others who played an important part in the production of the paper were Patti Vaughan, artist, and Sherryll Seeley, business manager.

Coverage of all school events was included and new columns such as the opinion poll and "Dear Andy" were added.



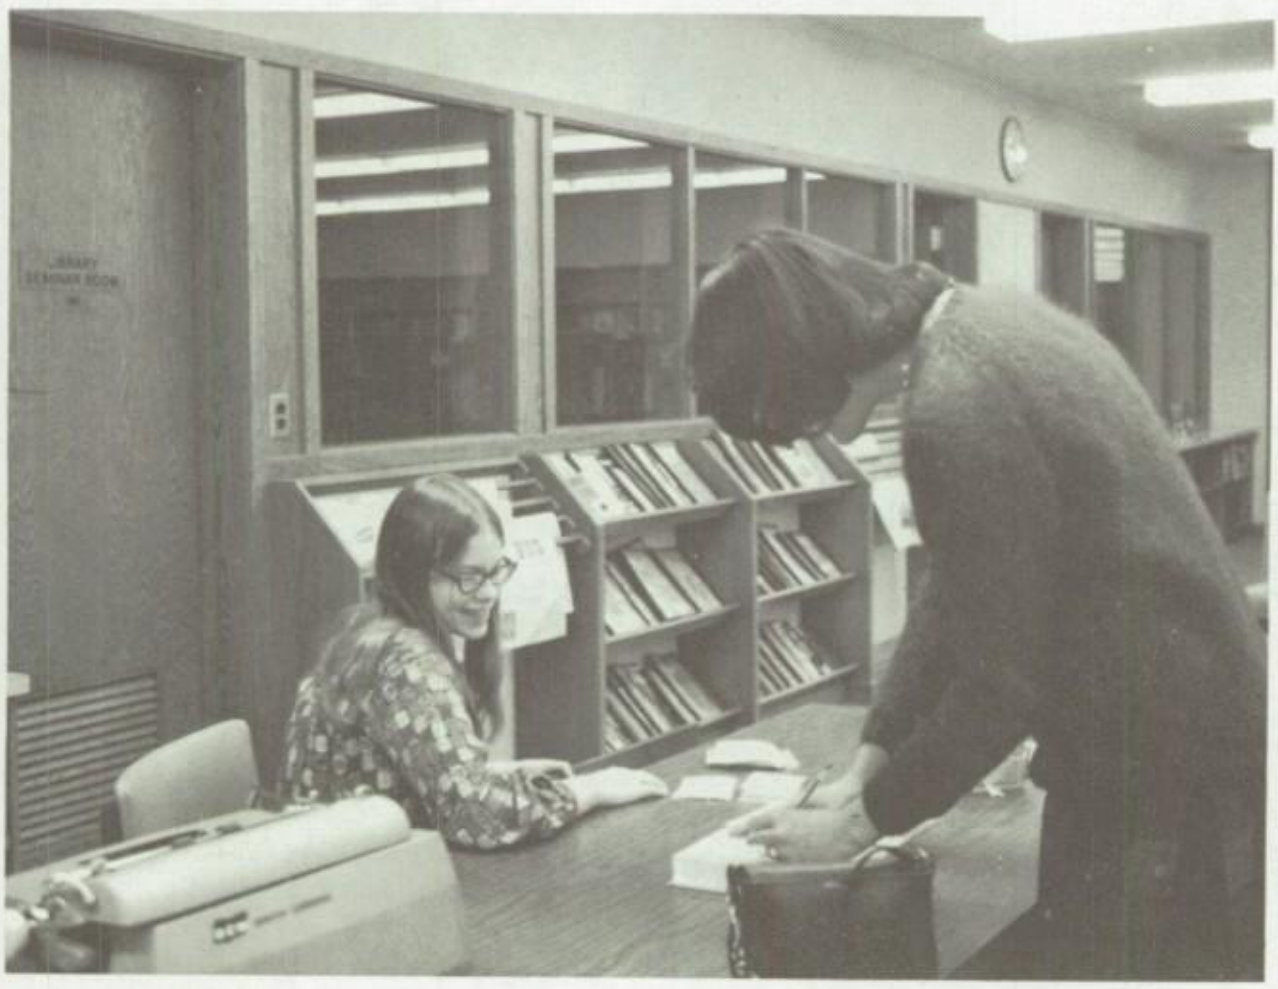
Members Familiarize with Business World

The Business Club has many purposes. It's main purpose is to give the participating students an understanding of the business world in which they will take part after graduation. At their meetings students learn the importance of good grooming and proper conduct at job interviews. They are also taught the proper procedure for making out job applications. Among the activities upon which the members embarked this year were the sale of pens and pads. There were several field trips which were arranged by Mrs. Nelson, the advisor of the Club.

Novice Nurses Gain Experience

The Future Nurse's Club provides an opportunity for young people who are interested in nursing careers to get together and share their interests and ideas. They explore opportunities and the requirements in the field of nursing. The students participating in the club learn through experience. They have realized many responsibilities besides the consideration and compassion which are so important in nursing.

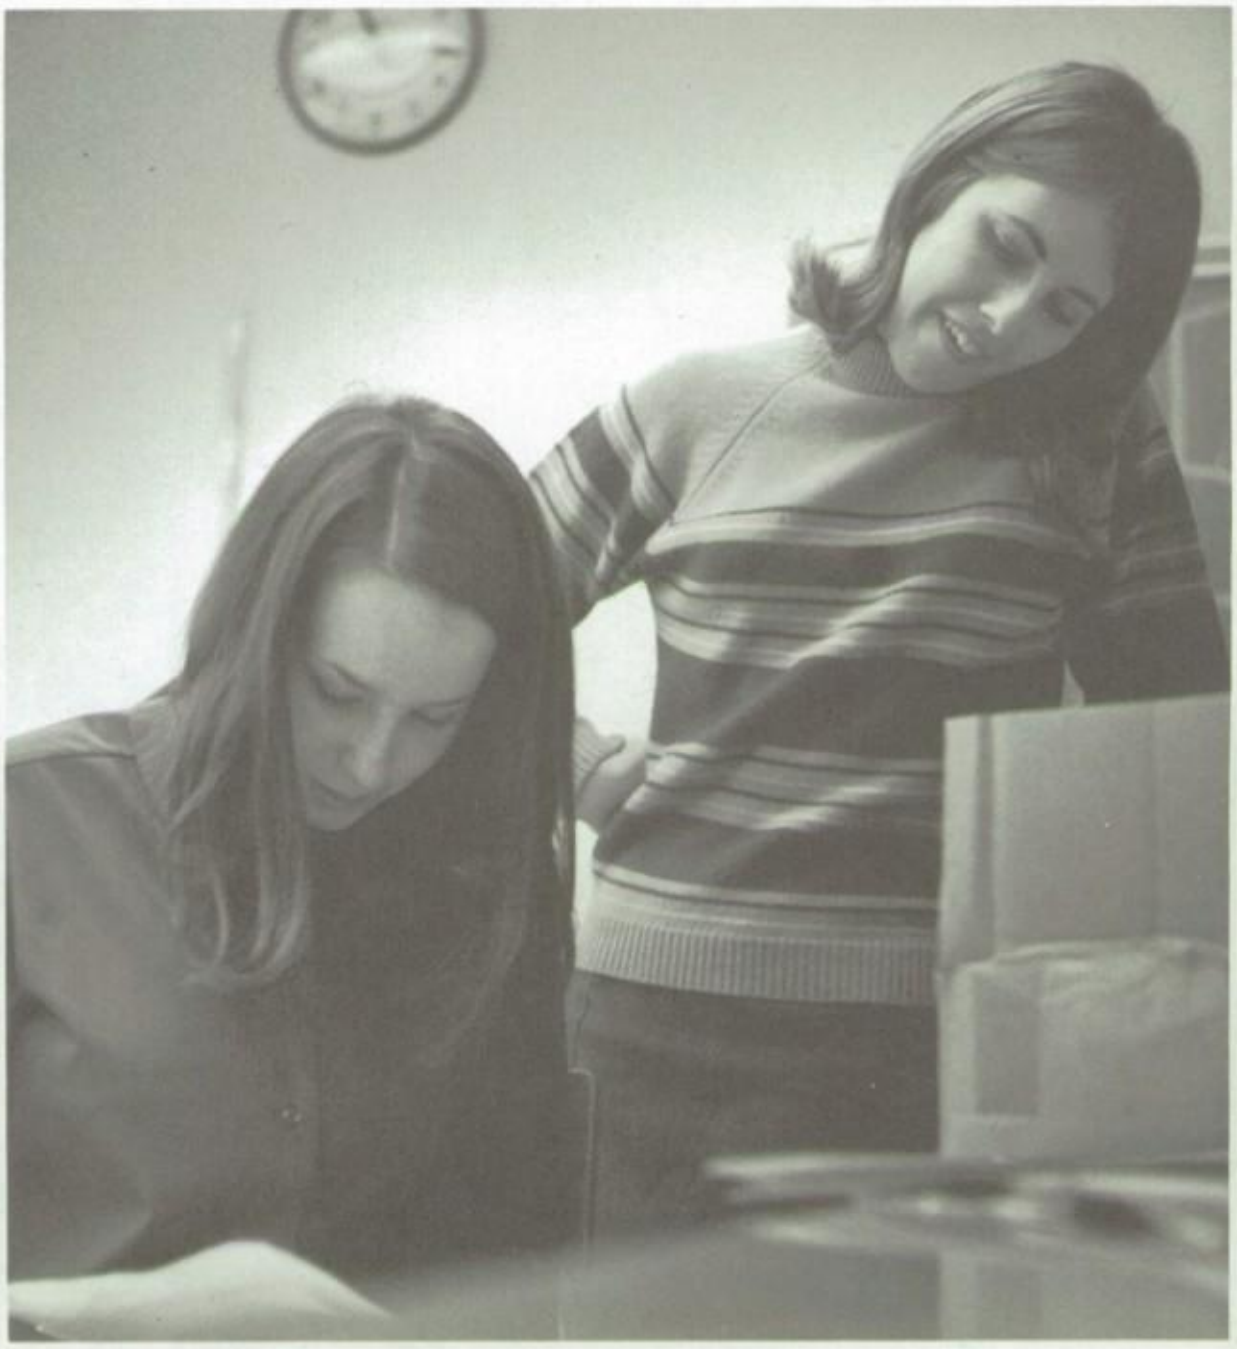
Staff Preforms Service to School



Those who take part in Library Staff certainly have their work cut out for them. Besides desk duty, each of the girls has to shelve books, file magazines, and see that all of the shelves are kept orderly. The girls work in the library during their study halls.

At monthly meetings instruction is given in library terms and procedure, and in the use of reference materials. New books are frequently discussed as well as plans for better library service.

From time to time, exhibits of staff and student art are presented.



Seminar Room. . 127

Behind the unobtrusive plastic number plate on the door lies the room, superficially similar to other rooms in the school—but to us, this is not simply a construction of wood and plaster for the use of furthering education. It is a room in which hard work has bound us as separate individuals into a united company, working together to reveal a true picture of this year of changes.

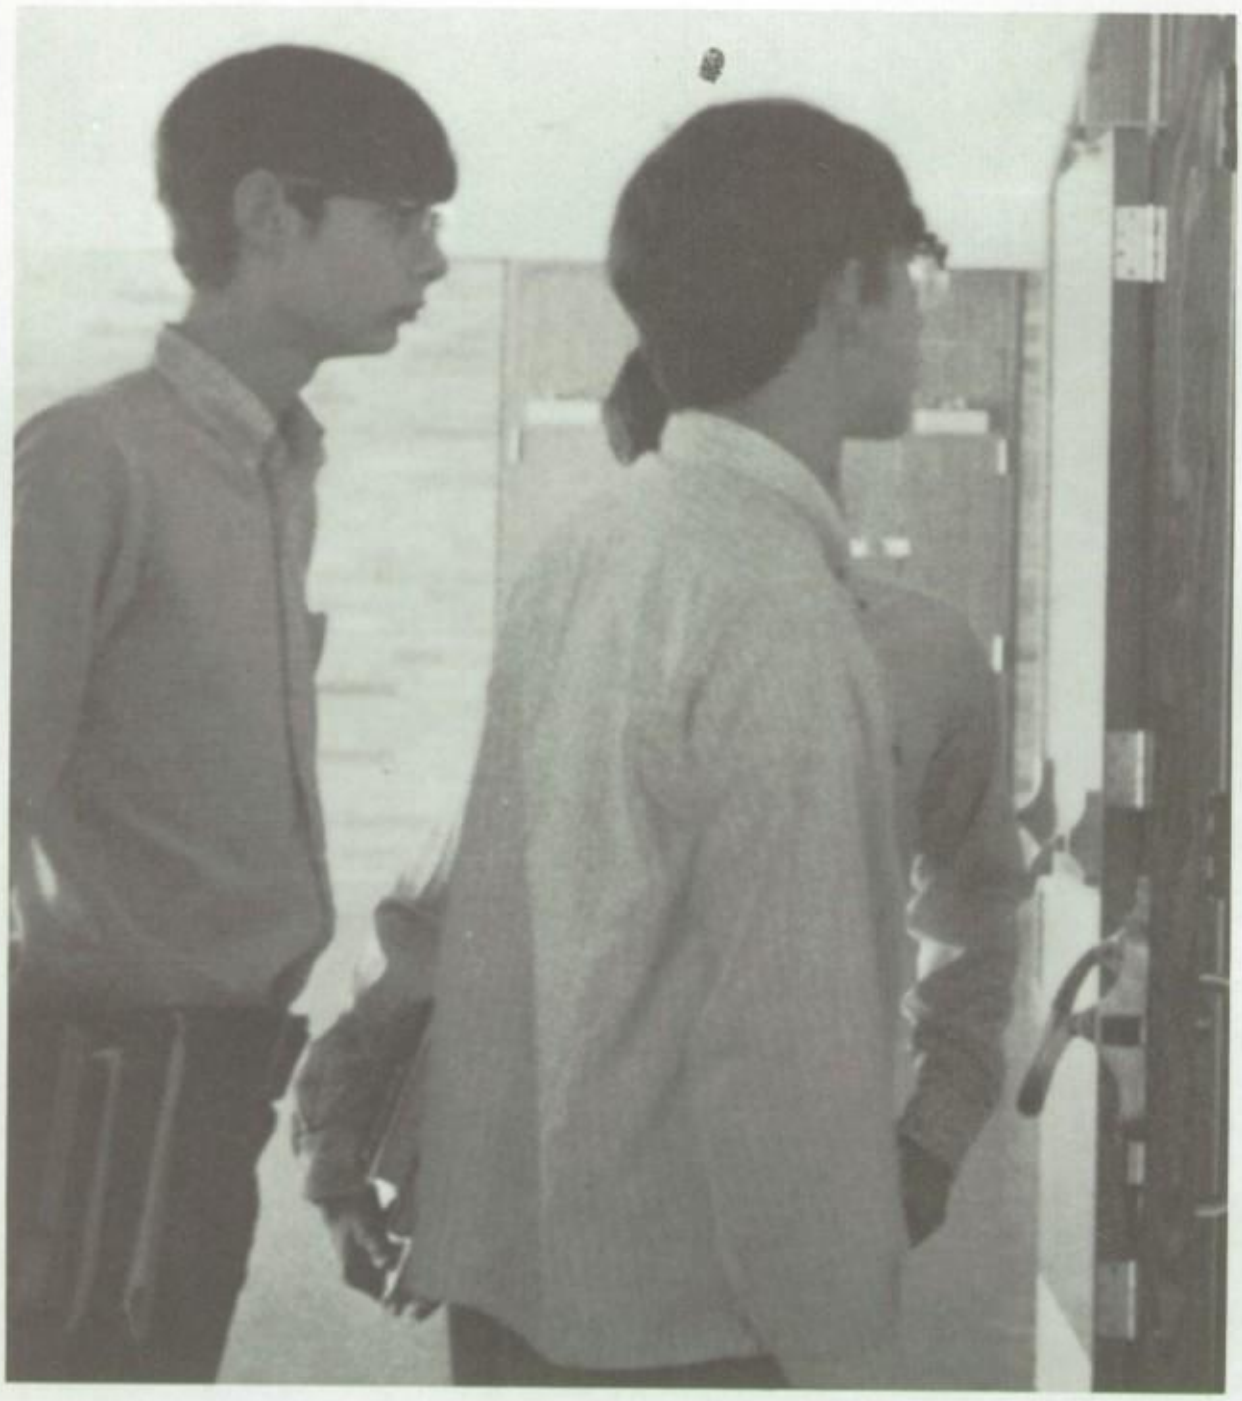
Students Pursue Study in Different Ways



Schedule Changes Come into Effect

What? Shorter Lunch Periods? We don't have any extra time! . . . The immediate reaction to the new schedule was expectedly, dislike.

Accustomed to the more easy-going and longer school day of past years the students resisted the change. But, just as expectedly, they got used to it. The lunch period was extended a couple minutes to accommodate the slower eaters, but the schedule remained almost the same. Now students without extra-curricular activities can go home at 2:20 while those who do participate either go at 3:20 or 5:30. Some of us are even beginning to like it.

Howlett, T. Quaif, J. Brown, L. Mudge, D. Branch, M. Edwards, D. Doxtater, S. Hildreth, G. Peckham, W. Mosher, D. Herring.

Juniors Await Senior Year

jun'ior n(L; juvenis, young)

1. The class that you are in the year after you are a sophomore and the year before you are a senior, and two years before you graduate, hence, to be neither above nor below, but trapped in between.

2. When there is too much homework and too little time.

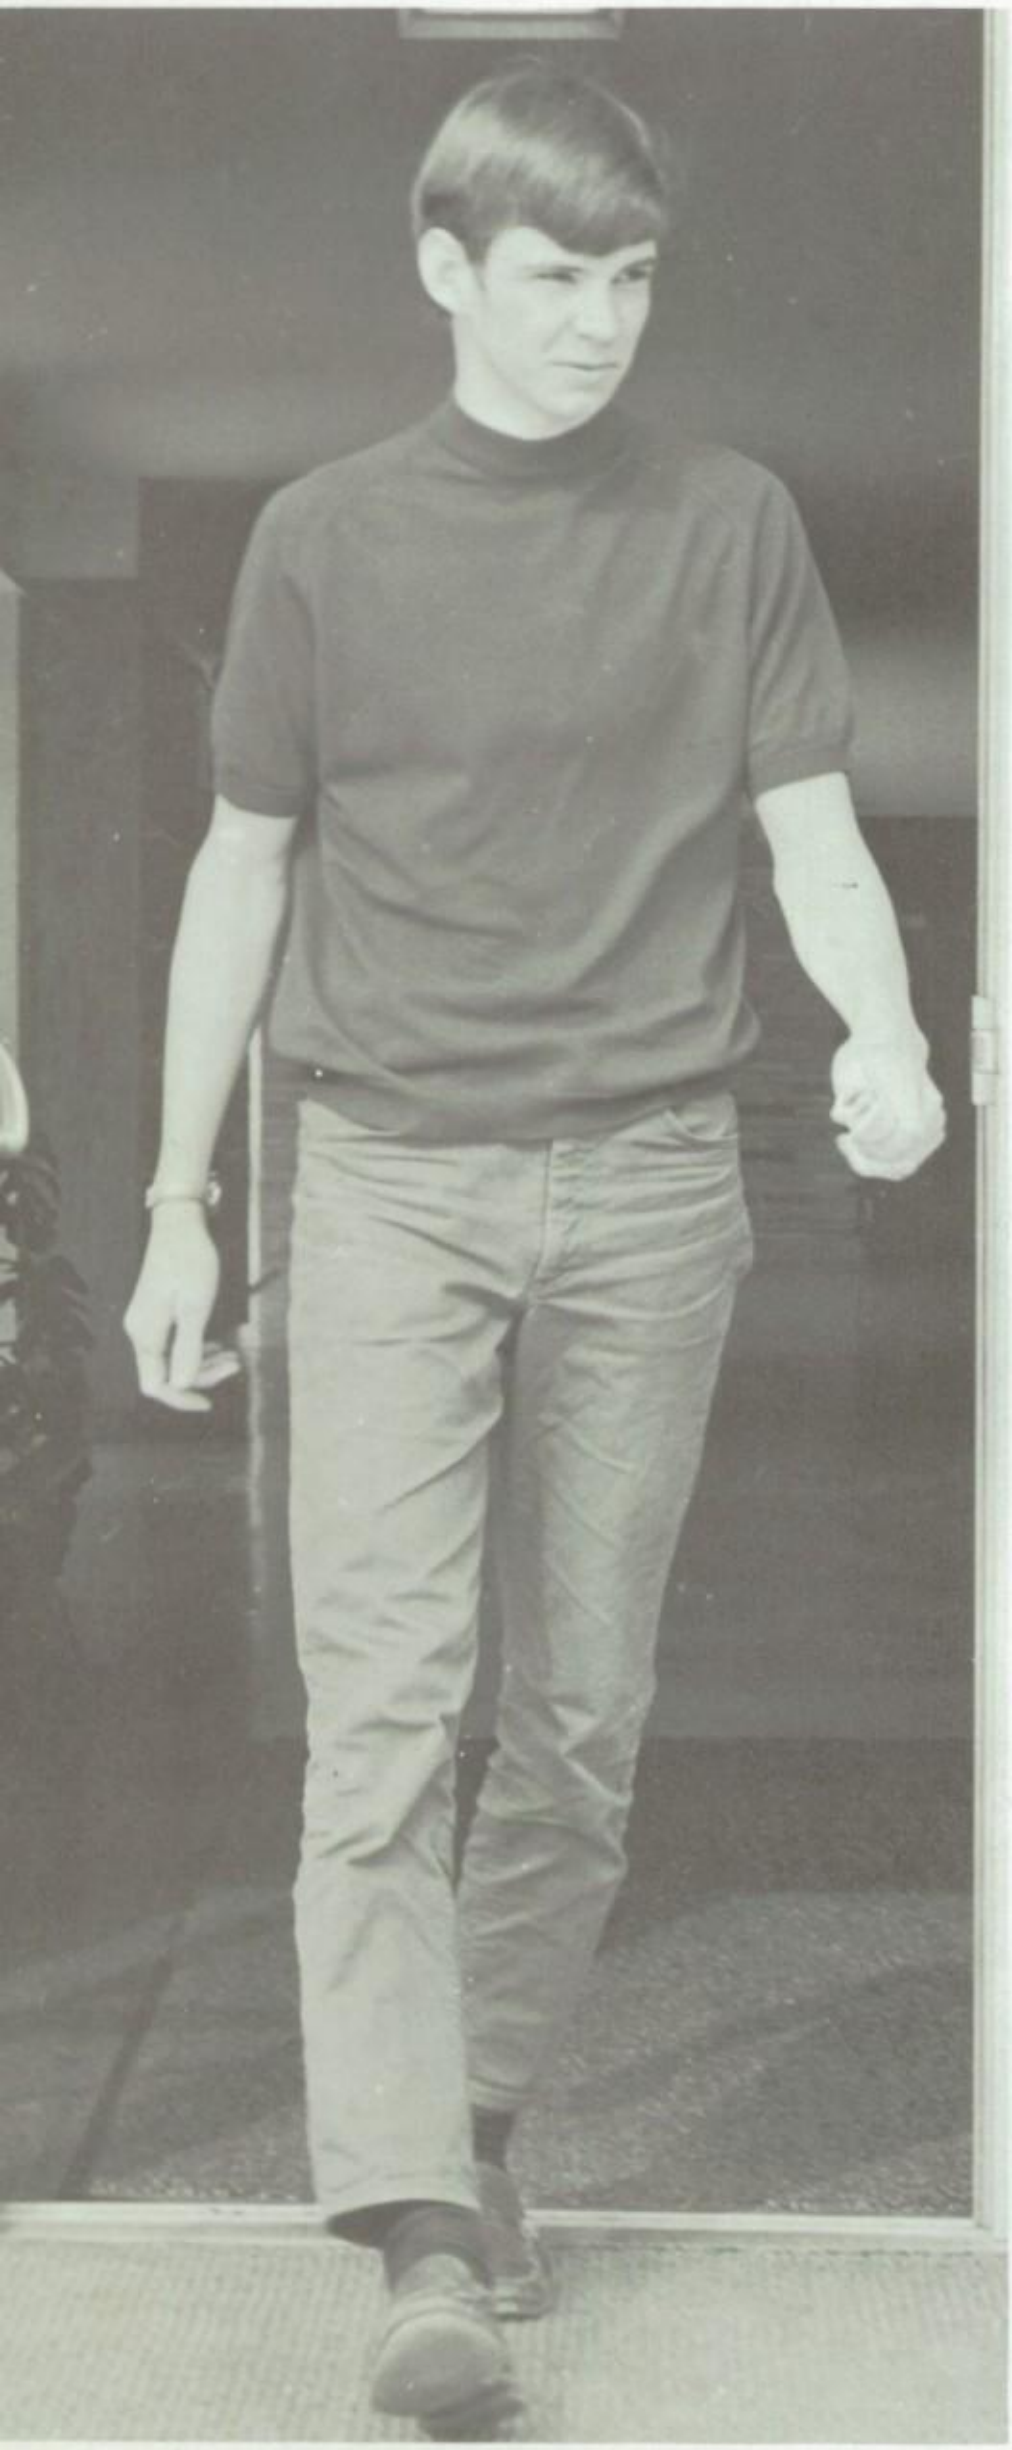
3. To be secondary and considered, but not eliminated, as not to be a sophomore or freshman.

4. To be in a state of knowing too little and needing to know too much.

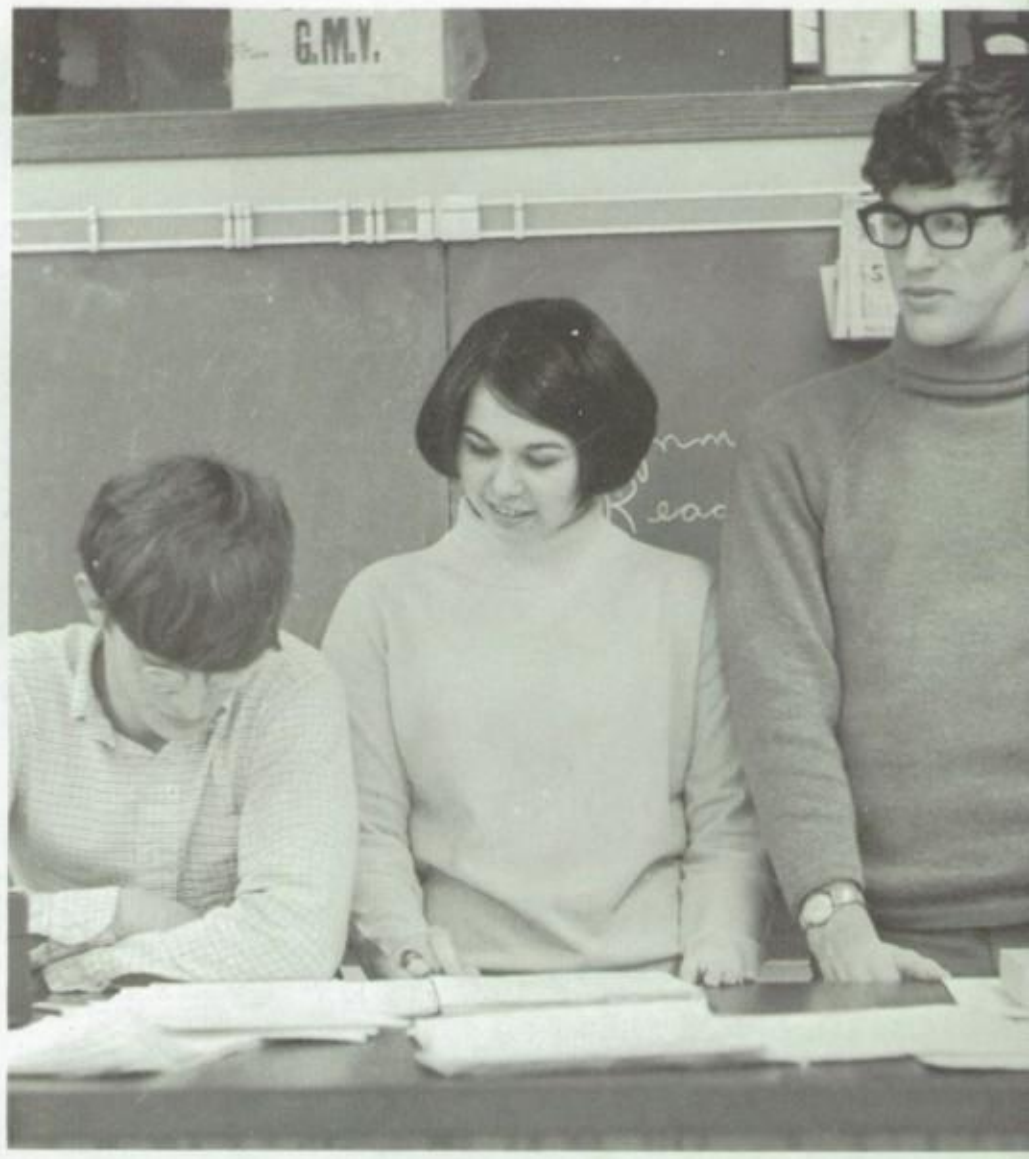
5. To be undecided in whether you're coming or going.

6. A year of waiting and desperation in disguise—rings, skits, college exams, . . . and finally—graduation—at last a SENIOR!

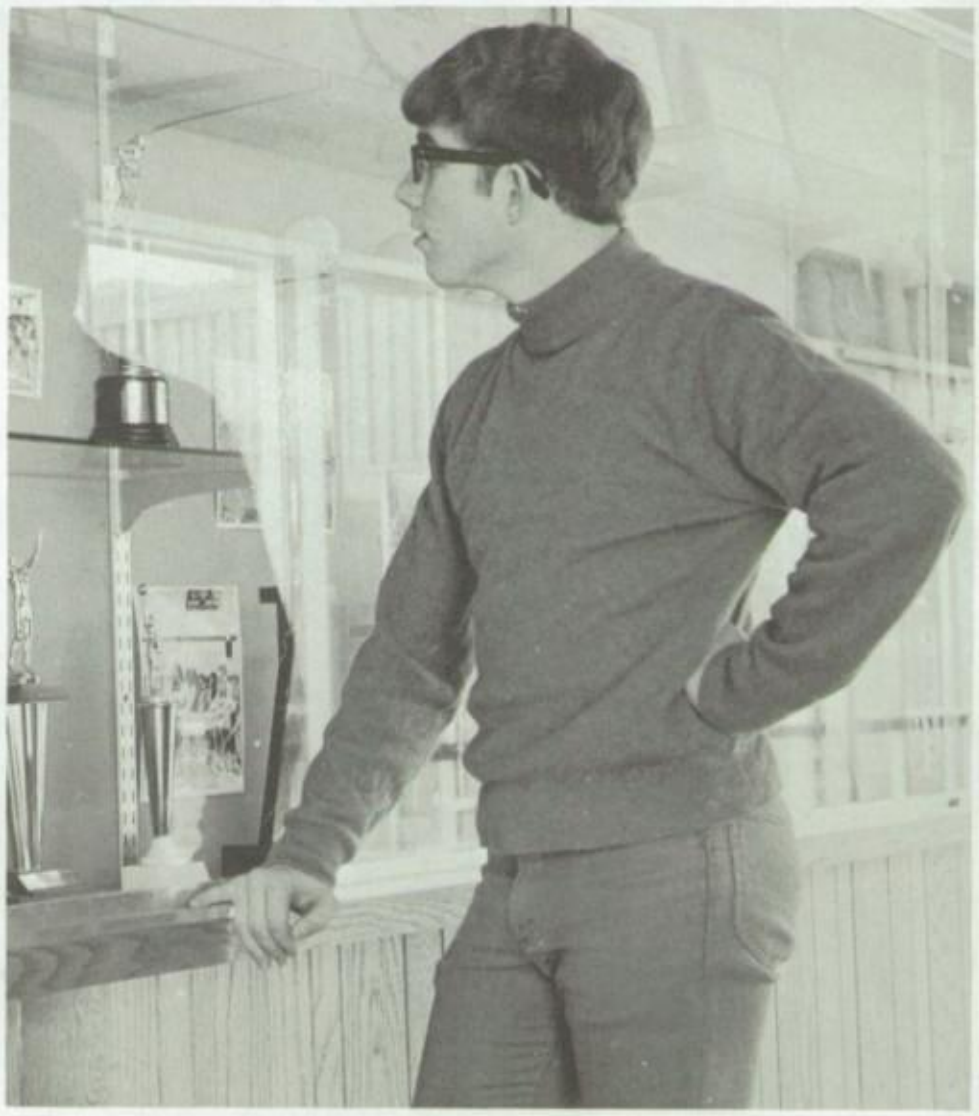
. . . The end . . .
yet there is so much to look forward to . . .



PRESIDENT: Craig Butler



STUDENT COUNCIL REPRESENTATIVES: Greg Dike, Deb Tucker, Dick Olmstead.



VICE-PRESIDENT: John Stewart

Seniors Supply Leadership

Under the leadership of Craig Butler, the Senior Class undertook a number of projects this year. They held a dance, sold Warrior buttons to help promote school spirit among the students and faculty, and presented the play, "A Tenth of an Inch Makes a Difference."

Also, members of the Class of 1969 headed many of the school's organizations.

MARK CRAMER

Awaited and somehow feared, graduation looms before us. For some, it will mean a new grade, new teachers and classes, but for others it is a time of new beginnings. Life, for the first time, will confront us, and must be confronted in return. Decisions upon which a whole lifetime may depend will have to be made.

But, like all those who have been in the same position, we shall step forth, meeting the challenges that face us.

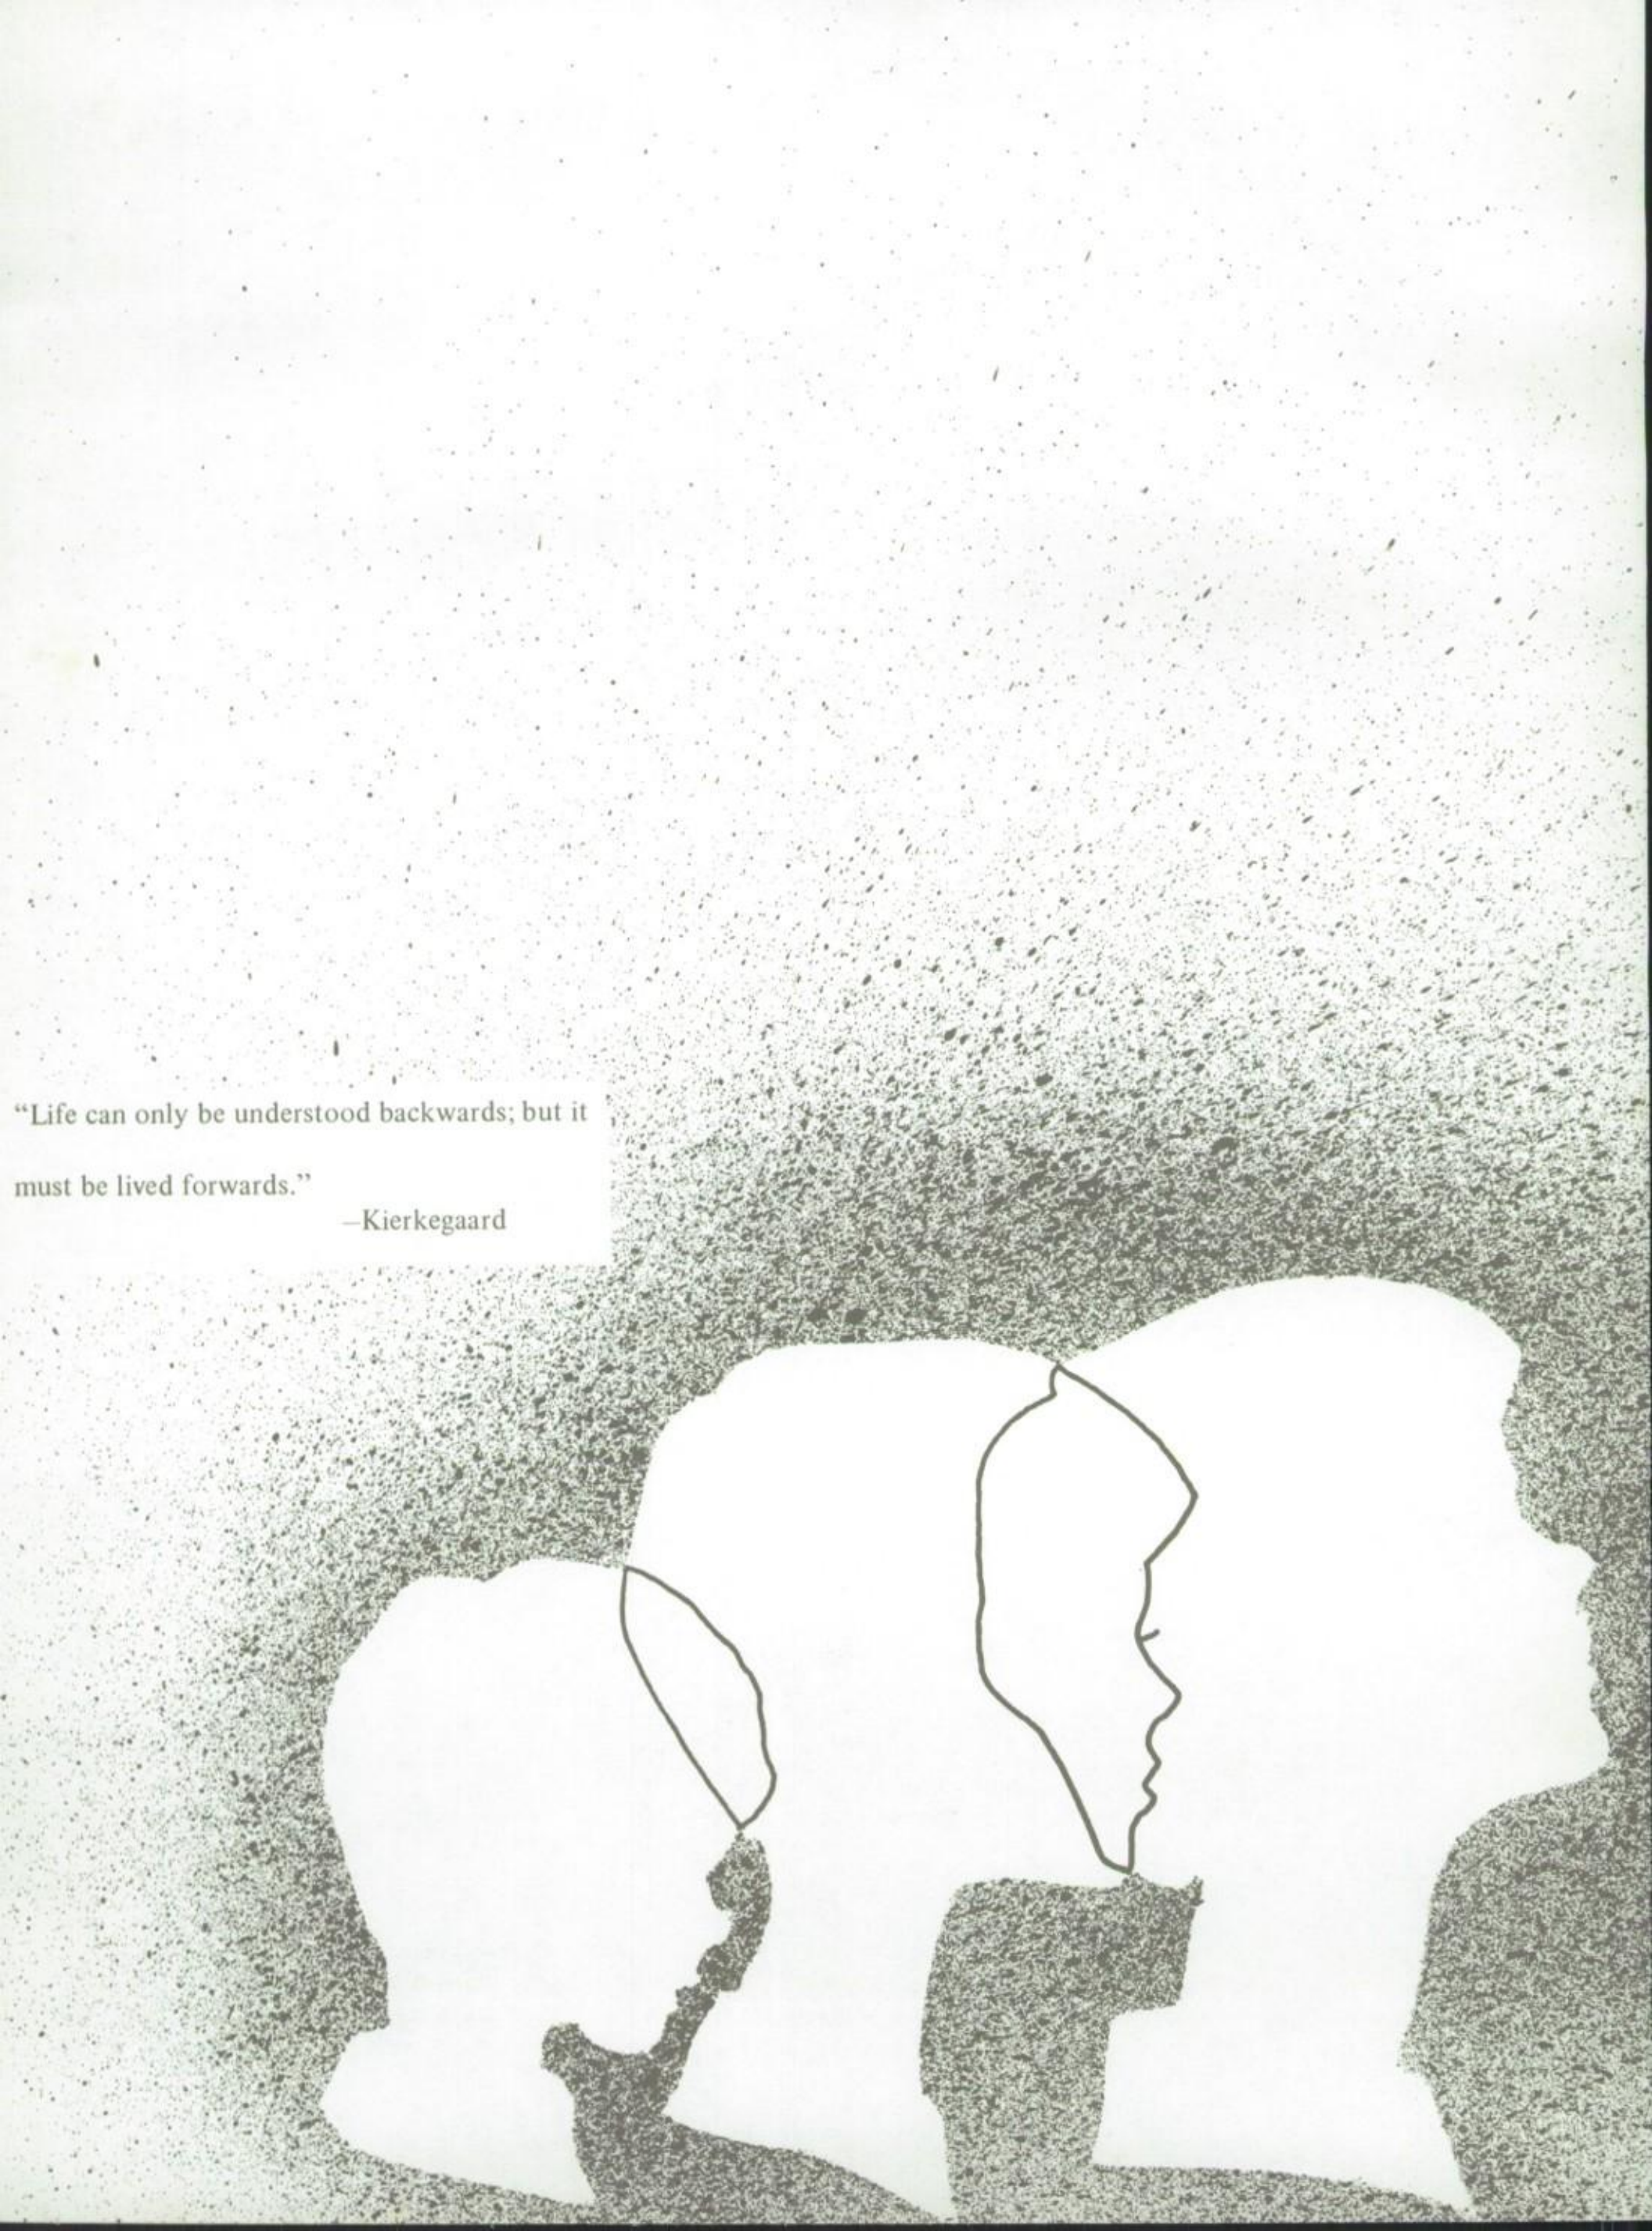
"Life can only be understood backwards; but it must be lived forwards."

—Kierkegaard



1st of all, I'm mad for your letting David interrupt your listening of my important question! 2nd of all, you didn't ask me to sign your yearbook first. Would you believe I was going to give up getting mad? IMPOSSIBLE! Really, I did, but I'm not going to; it's against my Welsh nature (knew I'd fit it in somewhere!) Did you lose a "Happy St. David's Day" card? (I found one in a history book) I'll have to hurry. Sorry for wasting so much paper! Has my handwriting improved any? (You know how to signal "yes") Bye Bye and don't forget ever the literature laying around your house.

Whew! VEvans

AIN'T MAD NO MO'

Libbi,
(1st time I
ever spelled
your name like that.)
Lot's of good memories
this year, aren't there?
(E.S. Lab, Spanish, Regents)
(Forget I even mentioned
it.) Anyhew, let's try
real hard for those High
honor pins, letters, and trophies
next year. Good Luck,

P.S. We're gonna
have a lot of fun this
summer if you go to the
parades!!!

think I
eed a lined
yearbook!

(1st time I
call you that!)
plenty of other
things; Tho' I
don't usually
say much, I'll
make an exception
in your case. (Exception
for the exception!) Really,
I'm speechless and what
is not thought, cannot be
written (Thank heavens)
Have fun at those
parades but remember that
cotton candy can ruin
your girlish
figure (Sorry)
Deb
